

Volunteer needed

We need a volunteer with computer experience and time to assist in maintaining our website.

I will supply pages for Junior, Sophomore and Freshman photos files.

Work will consist in reviewing pages of the yearbook for classmates not listed in their graduating year.

Some have moved or failed to be listed.

The volunteer will need to search the pages for Junior, Sophomore or Freshman photos. If a photo is found, to use MS PAINT to crop and save with classmate name. Classmate name and photo are then entered into the website.

One hour each day could add several hundred classmates that were not listed in their graduating year.

Please call me if you think you could help.
