## Students Dent Curtain, Spread Propaganda; Bring Austrian Reinhard Siska To America

Riley High School students have put a dent in the Iron Curtain, they did this by sponsoring a foreign student through the American Field Service, last semes-ter. They donated their nickels, dimes, and quarters to bring Reinhard Siska over from lower Austria.

Reinhard has lived up to what everybody thought he might be. He is tall, dark haired, friendly boy with a German accent. The students of his class after he was introduced in the class assembly have taken him to their hearts and placed him with all their other friends. Riley senior Siska is really getting the feel of the "Life of Riley" by being in so many different activities such as Early Morning Glee Club, Orchestra, Latin Club, German Club, and Kiwanis. He says, "I like to see the football played and I like to see Riley winning!"

The exchange student lived in a boys'

home while his mother worked 10 miles away. He studied very hard in school from 7:30 in the morning until 1:00 in the afternoon. He took 12 subjects. His native tongue is German but speaks very good English. Reinhard finds Riley bigger than his school back in Austria and the American life very much different and quite a bit faster. Before he arrived in America he had never eaten popcorn or a sandwich.

Many tests were taken, 26 to be exact, before Reinhard knew that he had been chosen. He brought a ship over to Quebec and from there he took a train to New York City where he sepent a few days, seeing the sights and then by bus he arrived to his new home, South Bend, and met his new family, Mr. and Mrs. Charles Stanley Hruska on Miami Road.

## Riley Has Grown To Prosperity, Leaving Fame for Posterity!

by Principal John E. Beyers

I consider it an honor and a privilege to return to my Alma Mater as its principal. In the past twenty-two years many changes have taken place in the school. It has grown in size and in maturity. From the beginning Riley High School has taken its place in the community and by the products of our fine educational system have gained the respect of the entire community. We are proud of our school and we are proud of our community! Graduates of Riley have returned from the war and from college to settle in this area so their children might have the educational advantages they had at Riley. We have many Riley Alumni with children in our

Many of the same faculty members that have guided the educational future of our youth since the birth of Riley are still pillars of strength in our educational system. We are proud of the service they have given to Riley. Our lives have been made happier and more secure for having known them and had the opportunity of their guidance and leadership.

We have grown athletically from a three-sport program in the 1930's to an 8sport program in 1955. We have increased the number participating in sports and we have increased the opportunities for participation. We strive to develop leadership and the ability to meet competition by our sports program. We have grown in school spirit and the extent to which we behave made us grow into better citizens. We all advertise our school with every action we make; may we so live to bring credit and honor to our school and keep it in a position of respect in our community.

In a short time, the students and faculty have made me feel at home once again at Riley. I consider it a wonderful opportunity to be with you and it is my hope that we can continue to work together for many years. Together we can succeed in our quest for a better life through taking advantage of our educational facilities.

#### To The Young "Dateless"

To the young and forlorn: You're past 14, your friends are dating, mirrors don't shatter when you look into them, and yet YOU'VE NEVER HAD A REAL DATE! You suspect something's wrong with you and maybe these is, says Sub-Deb Editor Ruth Im-

ler in the September LADIES' HOME JOURNAL. "The Late Dater" is all wrong if she thinks:

I probably never WILL have a date: Whoa there, says Ruth; many girls are left out temporarily, because they develop physically and socially faster than boys do. And perhaps your Knight in Shining Armor is a late dater himself!

It's easier for other girls to fit in: Don't underestimate yourself, Ruth advises. If you don't fit in, it may be to your credit. You may be more mature than the crowd, and you'll really be fly-ing high when you hit college or work with older people. Meanwhile make yourself part of the crowd by voicing your own comments and joining in things. Make it "we" instead of "I."

Boys only like pretty girls or who put on an act: 'Taint so, says Ruth. Sure, boys like attractive girls, but the girl who acts natural and accepts them as persons gets their stamp of approval. Take the initiative: give out with a friendly "hi," solo occasionally at lunch time and sit where that cute boy eats. It'll be an experience in living . . . and might bring results!

I'm not the type people naturally like: And what type is that? Friendliness and interest in others rank high on the list of good qualities to have. If you shy away from strangers and avoid joining things, no one will ever discover the real YOU. Cultivate new interests - and that doesn't mean solitaire!

I have very high standards: Say what kind of standards do you have? asks Ruth. "Shorty" may not be your ideal, but he's still a swell boy. Stop rating every boy as date material and regard him as a friend. Friendships ripen into dates and one of those dates may be with THE BOY.

And don't forget that beautiful Liz Taylor at 16 was dateless, and Elizabeth Barrett Browning never had a date until she was 39 and met Robert Browning.

#### Memories Tell of Gains During Summer Months!

by Francie Morris

Though summer days are over and almost forgotten by now, a poll of study hall 210 finds summer accomplishments are still lurking in the back of our mem-

Ralph Jordan says he ate pork and beans and got skinnier. (Guys are even at it gals . . . weight-watchin' we mean).

Hoosier Poet work, travelling and visiting did a lot to keep Jeanne Mc-Cracken busy during the summer

Barbara Lenczowski, an 11B from 314 got a liberal education in homemaking. Seems Barb took care of the house while Mrs. L. worked.

Even though Ed Payton worked and made money this summer, he didn't feel he had accomplished anything. Why? Quoting Ed: "It didn't do any good. I spent it all?"

Working was the big accomplishment of Myrna McBride, Bonnie Kraft, and Bill Harris. They made money but they also "accomplished" to get in a little loafing time before returning to the "institution"! (Educational institution, that it!)

Dave Kramer played tennis all summer and accomplished a lot by doing that. Dave (and the whole tennis team) have not lost a match yet. (Nice going,

guys!)
"I accomplished a great deal of swimming," says Sue Blackburn. (If that's the way to keep slim 'n trim, then water, water, lead me to it!!!!)

Louie Yazich worked hard enough to buy himself a car. If that's not an ac-

complishment, what is?!
When asked what he accomplished this summer Buzz Wintrode said, "Me? Hah-hah-hah!!' Whatever it was it must

have been fun.

"Harv" Ulrich accomplished a great deal this summer. "I did more of nothing than I've ever done in all my life," says "Harv." Besides that he ate, slept, and watched "his" Cubs on TV.

"I accomplished a good tan," replied

Kay Anderson, and then in a low whisper added "thought it sorta' faded out!"

George Kanoff was one of the many guys who worked this summer and made lots of money. George's only trouble was he spent more than he made!

All the energy Don Katona could accomplish was used to get him over to a certain "Sue's" house. I guess that was enough for Don -

and that's about enough from me.

Bye now!!

#### School Life — As Seen By "Poet V. Moore"!

by Vicki Moore

Hi gang, Well now that school is back in session, I suppose you are all getting back into the swing of things again with football games and studies, well here's the way I see it.

School is not for only fun, for work is eded too. To make the grades after, and make your parents proud of

To be a radiator cowboy, might be lots of fun but when graduation rolls around, you'll need those credits fairly

Don't waste your time in study halls, do your assignments there, then for fun outside of school, you'll have more time

You'll see your name on the Honor Roll, and feel you've really done, the work that you're supposed to, instead of only having fun.

That doesn't mean that you are to become a "Study Wart", there still is lots of time for play, or be in any sport.

Just make it 50-50, and you're sure to come out right, with work and fun both done and had, most every single night.

The teachers here are helpful too, so if you're a mite behind, just go to them and ask for help, I'm sure that they won't mind.

Good Luck to all you Rileyites, here's wishing you the most, let's see you make those A's and B's, so you can really

## **Active Members Swing** Clubs Into High Gear

German Club

A Chicago trip was planned at the first meeting of the German Club September 21 at Paul White's home. There were 16 members there including Reinhard Siska, a senior exchange student from Austria. Mrs. Helen Brokaw is the club sponsor and Paul White is president. Marvin Anderson is vice president, Janet Darrow, secretary, Larry Zeiger, treasurer, and Lyn Ourser, social chairman. Get acquainted games were played at this meeting. A bake sale was planned to pay expenses for a Chicago trip on October 22. The German club members are looking forward to an informative, interesting, and fun-filled year. All eligible are invited to join.

#### Library

The Riley library is ready again to serve the students for another year. All summer mail has been checked and new books are appearing on the shelves. Orientation lessons have been given to all new students. This year they have a new assistant librarian. She is Mrs. Roger B. Leatherman, a former librarian in the Senior High School, Amarillo, Texas. She graduated from the University of Illinois and has lived in South Bend 10 years. Mrs. Leatherman has 3 children. Several new librarians have been added to the staff this year. Linda Sweitzer, Linda Ray, Sandra Eberly, Joan Lindale, Margery Bernstihl, and Donna Jean Mast are some of the new ones. Others include Lois Drawert, Patricia Pollack, Mardell Ivanlkovics, Evelyn Auer, and Janet Herrick. Kathy Krider, Trudy Kajzer, and Elaine Kurch are working in the library for the first time also.

#### Junior Board of T.B. League

Jr. T.B. Board members have started their year with a project of selling health cross pins at Notre Dame's first two games. For the first game 79 girls from 8 schools collected the second highest total for one game in Junior Board history — \$917.73!! The winning team of girls was from St. Joseph. On October 12 the group will go to Healthwin hospital for a tour and a talk by one of the doctors. The group will meet their Pen Pals who they will write to and send holiday cards to try and make their lives more interesting. The purpose of this organization is to promote good health and to stimulate interest in the work of the Tuberculosis League in the high schools of the county.

# WITH NEW PUZZLE

Answers on page 2

The Hi-Times will appreciate reader reaction to a new type of word puzzle, printed in the adjoining column. SYLL-ABLEGRAMS are constructed by Law-rence J. Steinbugler, New York City, and distributed by the National Scholas-tic Press Association, Minneapolis. In solving a SYLLABLEGRAM, the

first step is to read over the syllables printed at the bottom of the puzzle. Then, go through the definitions and write in the answer that come readily to mind. As the answers are supplied, it is important to encircle or cross out each syllable below, to show elimination. As the solution progresses, the possibility of recognizing words in the proverb is increased.

It is important to work back and forth between syllables and the quotation, using every possible clue.

Figures in parentheses after definitions show the number of syllables to be used, and each syllable listed below may be used only once. The first and last letters of each definition when read from top to bottom, will form a wellknown proverb.

To get you off to a good start, four solutions, and their first and last letters, have been supplied. From there, you're on your own, but if you must peek, the answers will be found on another page.

In the next issue, however, the SYLL-ABLEGRAM may be harder to solve!

#### Riley Welcomes Students From Different Sections

by Karen Reid

This year Riley has many new students from different states. There are 13 states represented. Some of them are, Pennsylvania, Kentucky, Illinois, New York, Arizona, and many more. Let's meet a few of them now.

Coming to us from Lebanon, Pennsylvania is Maria Vuckovich, a senior who is in home room 303. She attended Lebanon High School there and it was very much like Riley but is smaller and they don't dress up for football games. Her father is a Priest and has his church here. She says she likes Riley very much.

From South Shore, Kentucky we get Bill Marcum. Bill is a sophomore and he also says his school was like Riley but it only had 450 students. He really likes Riley and says the kids are friendly, especially the girls! Bill is planning on going out for basketball and baseball. His favorite subjects are English and History because he finds them easy and gets good grades in them.

John South, a junior, comes from Feitchans High School in Springfield, Illinois. He says his school was pretty much like ours except they wear more levis and white shirts. He's getting to like Riley more each day as he is getting acquainted.

Sandra Pierce, another Junior, is from Los Angeles, California and attended University High School. She too likes Riley very much and is glad to be here. Here favorite subjects are Shorthand and Typing.

From Indiana, Pennsylvania comes freshman Bill Kridler. He likes Riley very much because it reminds him of the school he came from. Bill is going out for baseball this spring. At his school, Indiana High School, they wear more pink clothing.

We'll be meeting more new students later.

# Clash To Mishawaka

by Jack Tully Mishawaka's Maroons led by Art Hughes and Gene Witkowski dropped the Riley Wildcats 13-0 before an estimated 6,000 customers at School Field Stadium last Friday.

The loss set the Wildcats's record at

one win and three losses. Mishawaka now has a record of three wins and one tie. The contest was not a loop game, so the Wildcat conference record stands still at one and one.

Midway in the first quarter, Mishawaka began a march for its first touchdown from its own 27. Hughes and Witkowski took turns at sprinting down the field, piling up five first downs, before Witkowski drove six yards to the one yard line. Hughes then plunged over for the touchdown. The extra point try was wide and the Maroons led, 6-0.

Riley showed signs of coming to life after the kickoff. Jim Ulrich faked a pass and ran from his own 32 to the 35 of Mishawaka. However, the play was called back because of a fifteen yard holding penalty against the Wildcats. Two plays later, Ulrich punted.

On the very next play, Witkowski passed to end Dick Cooper for 60 yards and a touchdown. The extra point was good and the Maroons led 13-0.

Riley came back strongly after the kickoff, getting in position with a 39 yard pass play from Ulrich to Miller, which reached Mishawaka's 35 yard line. Bill Hawley then zipped off 5 yards, but

a fumble erased the scoring chance. Coach Spike Kelly's Wildcats threatened again in the third quarter, beginning a march on their own 34 after Bill Tatay recovered a fumble. With the help of two 15 yard penalties against the Cavemen, Riley reached the 24 yard line. Ulrich hit Jordan with a 13 yard pass and later flipped a 7 yard heave to Tony Sisti to the Maroon's 4.

Ulrich was spilled for a 7 yard loss but got 3 back on the next play when he passed to Stroup. On the second play of the fourth quarter, Riley almost scored when Ulrich passed toward end, Kloral Grossnickle in the end zone, but the ball was knocked down. That halted the Cats atack and the rest of the game was played at a standstill."

Mishawaka and Michigan City did what four straight opponents, (one of them Mishawaka), had failed to do, and dealt Riley's Cross Country team a double blow last Friday night. Mishawaka beat the Smithmen 26-31, and Michigan City won 24-33. David Fritz finished second to be Riley's first man and Dick Lewis, Paul Pozil, and Larry Pahl, were

ninth through seventh.

## B-Squad Whips Niles; Drops Other Battles

by Tom Dunn

Steve Horvath's Riley B squad lost a 39-6 decision to LaPorte on Monday, September 12. They came back to whip Niles 18-0 the following Saturday; then were beaten by Mishawaka 31-6 on Monday, September 26.

Boys who have seen considerable action for Coach Horvath's squad are: Dave Gunn and Loren Cutner, ends; Jim Hertzig and Pat Wagner, tackles; Joe Budney and Carroll Forrester, guards; Bob Perkins, center; and a backfield composed of John Woods, quarterback; Bob Simmons and Wayne Clark at the halfbacks; and Jim Bintinger, fullback. Simmon and Clark are standouts in

the backfield and Coach Horvath says even though the team has not looked impressive, they are continuing to improve.

## Netmen Add LaPorte, First Three Opponents Adams to Shutout List

by Dave Lenman

The Riley High Tennis Team continued along an exclusive trail last week by downing LaPorte decisively on September 28, 5 to 0. Then a week ago today "fanning" Adams 5 to 0 in the onward swing of the Riley racquet boys.

At the time the two victories put the surprising Riley team into a tie for the conference lead with also undefeated Goshen. The two teams were scheduled to meet at the Studebaker courts yesterday. Coach Gene Ring stated that a victory there would virtually insure a conference championship.

The trmendous success thus far can be attributed to the big improvement of the four players who represent Riley. They are: Forrest Milborn, Bill Maxwell, Dave Kramer, and Dan Barnes.
They have acquired the finesse to make a so-so team into the exceptional one they are now, through much practice this past

#### Kellymen Host Blazers In Conference Contest

by George Horvath

Can a Wildcat stop a Blue Streak? This is the question that Coach "Spike" Kelly and his charges will try to answer this evening when they meet the Elkhart Blue Blazers on School Field at 8:00 o'clock in a conference contest.

So far this season, the Blazers have gone without a victory. They tied Huntington in their season opener and dropped the following contests to North Side, Mishawaka, Washington, and La-

The Slicers pounded Elkhart last Friday in a 32-6 rout. Both teams gained about the same yardage in the air but LaPorte racked up 271 yards on the ground to the Blazers' 73.

Elkhart's forward wall is rather inexperienced, but the left halfback, Robinson, and the fullback, Douberteen, were regulars last year. Their sophomore quarterback, Ray Adams, has proved to be a very capable passer.

Coach John Janzarnik, the Elkhart mentor, uses a variety of formations from which his boys run. The straight T, the single wing, and some spread formations are included.

The Wildcats, hurt by a stinging loss to Mishawaka, will be going all out to gain their second success of the cam-paign. The Cats' injured co-captain, Mike Bingaman, probably will see no action, although he is improving rapidly. John Miller, injured slightly in last week's encounter, is completely recovered and ready to go.

# Frosh Bow Before

by Dave Lerman

The freshmen contingent of the Riley High football squad has extended a two year losing streak by dropping the first three games of its nine game schedule.

The '55 edition of Coach Ernie Kovatch's colleagues showed a good pass-ing attack but a weak line in the curtain raiser with LaPorte. The September 15 clash here found LaPorte putting together a 60 yard drive and an intercepted pass returned 38 yards for their 14 point margin of victory.

One week later the Cats displayed much determination and spirit at Mishawaka's Tupper Field but repeatedly threw away good chances to score. Mishawaka took advantage of a fumble deep in Riley territory and turned it into the winning touchdown, blanking Riley

Last Friday at Riley the Frosh again took it on the chin from the Adams Eagles, 26-0. Having distinct advantage in size, Adams had little trouble moving from their efficient split-T attack.
