Company Manners In Order For Assemblies

The assembly committee which consists of students and faculty has been busy planning an interesting schedule of programs for us this semester. The program covers a wide range of interests. It is an expensive program because of the highly trained people we will see

We must consider ourselves guests at these assemblies and conduct ourselves like intelligent young men and women. These assemblies not only provide entertainment and enjoyment for us, but teach us the art of listening besides any educational value they might have.

The assemblies are scheduled to begin at 8:30 and conclude at 9:05. We can help maintain this schedule by getting into our seats quickly. Move into the center seats so other students don't have to crowd over us. Late comers will not be allowed to enter after the assembly has started. We have always had exceptionally fine auditorium behavior at Riley so let's continue this fine tradition.

Business Students Get First-hand Information

Three weeks ago a new semester began. This meant the beginning of a new and interesting experience for many Senior girls who are working toward positions in the business world. This experience is n the form of a course-Office Practice.

During the first week, the class spent three days learning as painlessly as possible. Mr. Donald Carter, of Bendix Products Division, visited the class and discussed the matter of "How to Win Friends and Influence the Boss." Mr. Carter's pointers on dress, attitude, actions, and business character and personality will prove their value to those girls who will someday find themselves in the middle of a business office.

The girls also saw the film, "Telephone Courtesy," which illustrated the proper use of the telephone as well as correct telephone manners. In a discussion of the film, the class decided that by making use of the film's information in business, you would prove your efficiency as well as the firm's efficiency. In this way you make a favorable impression on the person to whom you are talking, whether it is a customer or the

But there were two full days left in the week, and as hard as it is to believe, the girls did not spend the time merely making noise. On Friday, Mr. D. N. Wade, South Bend Branch Manager of the Dictaphone Corporation, demonstrated Dictaphone products to the class. The demonstration covered everything from the 2 lb. 11 oz. tape recorder, that a business man carries in his pocket,

up to the conventional 12 lb. Dictaphone, which is more commonly found in offices. He proved that by recording students' voices and playing them backward, some of the girls here at Riley can speak Chinese just as fluently as English. Although every girl didn't get the chance to record her voice, each girl will have the opportunity to use one of the four Dictaphones loaned to the school by Mr. Wade.

Besides meeting interesting people, becoming acquainted with some of the more frequently used business machines, and becoming familiar with filing, duplicating, and various office procedures, the rest of the year should be enjoyable and worthwhile.

February Birthdays

by Barb Nicklas
Valentine's Day is extra special for Gerry Cowen since it is also her birthday. When asked if she wanted anything special for her birthday she said, "Gee, I guess I got everything for Christmas!" (Well, better luck next year?)

Judy Daniels' birthday falls on February the 8, and she is anxious to know what a certain someone is going to show up with! (Hope you like him, er-r-r-a, it I mean!)

"A million dollars would suit me fine", says Barb Cooper another February 8 girl. (What an imagination!!!)

party is on the mind of Lance Greider this February. (M-m-m-msounds like fun!)

"Ice skates were something special a few years ago," Carolyn Davis remarked, "but this year I'm getting a deep dark secret (???) from my steady, Tom Smith". (Edwardsburg!)

Dave Gunn and John Hodrick share the same birthday, February 13, and once had an unusual experience. When they were 13 their birthday fell on Friday 13. "Watch that calendar and plan ahead men!

February 21 is Hanna Holdren's birthday and all she can say is, "Boy, would I like to get rid of the measles!!"

Pat Hobgood shares birthdays with George Washington, but everyone seems to think Pat is much cuter! Anyone disagree??

Jim Thomas especially remembers his 16th birthday because he got his own car that year. (Some people have all the luck!)

Happy Birthday to all of you Rileyites and may all your spankings be little ones!

Girls Suggest Dating Improvement For Boys

by Carol Brewer
Well fellows, would you like to hear some of the suggestions the girls have, as to how you can improve yourself when taking them out? If so, take a minute or so to read about what the girls admire in their date.

June Mangus appreciates the kind of guy who isn't afraid to ask a girl for a date, instead of just taking her home after activities, or just dropping over unexpectedly. (What do you think about that, men?)

"They never seem to know where to go or what to do," complained Sandie Bennet. Then when she can't figure out where to go either it's quite a frustrating problem.

Charlene Plowman is annoyed when her date forgets to help her on with her coat, and when he neglects on open

Anyone for a triple date? Helen Troyer recalls the time she had to sit in the back seat while her date drove. (Now isn't that awkward.)

Janice Glacier and Joleen Tedrow enjoy the talkative type. It gives the girl an odd feeling when the fellow "clams up". Of course we realize that sometimes we don't give the poor guy a chance to say anything. We girls will have to work on this particular problem it seems.

Coleen Milliken doesn't like it when the date can't get a car. But she adores the type that eat a lot, because she likes to eat too. Collen likes her date to have lots of pep and energy.

Don "Buzzy" Wintrode, a Senior, has big plans after he graduates from Riley, he is planning to go to Purdue or Georgia Tech. to be an engineer. Buzzy is a Nat "King" Cole fan but I got him to confess that he also likes "Young Love" by Tab and naturally "Balerina" by Nat. A big thick, rare steak rates high with him and "Harvy" is his pet peeve because he's always trying to tell him he's in love! (What?) Buzz spends his leisure time eating, and playing basketball.

Another senior is Denny Reinke Denny has a hobby of drawing and would like to go to Michigan University to become an architect. His big heartthrob is Joyce Mamula. Denny's favorite food is pizza. (Could be because Joyce happens to like it too!) "Love Is Strange" is his top record, (wonder why?) Denny's pet peeve is John South trying to imitate Elvis! (This I must see!) In his spare time he likes to spend money on Joyce. (How about

Danny Barnes, a junior, plans to go to college after high school. Danny says he has no hobby but I know one thing he does a lot and that's play cards! "Written On the Wind" is his favorite disc and he can be found eating a thick, rare steak. Dan spends his free time water-skiing. (In the winter time? Well to each his own!) Danny gave no comment on girls! (Look out gals, this one's on the loose!)

Another "Big Man On Campus" is senior John South. John is planning to go to Purdue after he graduates. Since Hello kids,

Fingers, fingers, fingers, Thursday the Juniors had their fingers measured for their Senior rings. These rings will be here in about eight weeks.

O. T. A.

Seniors are busy preparing for graduation. They ordered announcements Thursday and are planning for the Senior trip to Philadelphia, New York, and Washington. The trip begins March 31.

O. T. A.

Congratulations to the Rileyites participating in the State Solo and Ensemble Contest in Indianapolis February 23. Some of them are Diane Fitch, Gordon Edison, David Puterbaugh, Joe Zawierucha, Terry Fiedler, Tom Fishchoff, Martha Roose, Gary Elliot.

Bobby was sitting by the fire contentedly stroking the cat. The cat also happy began to purr loudly. Bobby looked at it a minute then grabbed the cat by the tail and dragged it away from the hearth.

"Bobby, you musn't hurt the kitty," his mother said.

"I wasn't hurting her, but I had to get her away from the fire. She was beginning to boil.

O. T. A.

If any of you have any news or know of any interesting things that happen in class please bring it to room 302 or hand it to me.

Sherry Barnes admires the date who can control his temper. It makes her mad when he gets mad at little things.

Boys tease entirely too much and they wont act their age, decided Jo Jackson. Jo prefers the "gentlemen type."

What do you think about the girls advice, boys? Maybe you can come up with some advice for the girls now.

Varsity Reveal Likes; After-graduation Plans

by Bev Husvar and Bon Bedwell

John is an Elvis Presley fan, he naturally likes "Too Much" by Elvis. As to food he likes anything! John spends his spare time sleeping and when asked his comment on girls he replied, "they're all about the same!" (Don't be too sure about that!!)

A senior, Jim Ulrich, is planning college after high school. His hobby is of course basketball and all other sports. "Round and Round" by Perry rates high on his disc list and a big steak can make him hungry any time. Jim's pet peeve is girls whispering. (Probably because he can't hear what they are saying!) Playing cards and Janet Priddy take up most of his time.

Don Katona, a senior, likes to ice skate, play baskesball and football. "Banana Boat Song" seems to be his favorite record at the present time and he could sit down and eat meatloaf and baked potatoes any day! Don's biggest peeve is "Buzzy" getting 30 points a game! (How many?) Don spends his free time at Susie's.

Jerry Starrett, a senior, plans to go in the Navy after high school. "Young Love" by Tab is his first choice in records and he loves fried chicken. Jerry's pet peeve is a certain 11A gal that gets him mad. (Guess who.) His steady girl is Peg Boxwell.

Ronnie Evard, a junior, would like to go in the Marines after he graduates. His hobby seems to be basketball. Ron enjoys eating a nice big banana split and listening to "The Auctioneer". His pet peeve is the North Liberty girls. Ron's steady girl is Christine Olinger.

The answer to the Swiss problem, if you don't already know, is 180 pamphlets. The problem appeared in an article on the second page, relating a recent incident in Miss Elizabeth Murphy's Algebra II class. In regard to Eugene William's solving of the problem, the class secretary Beverly Rupel sent a letter to TIME magazine which had originally published the problem. Last Monday she received a letter from an editor of TIME. Student Council Officers List Likes, Dislikes

by Karen Reid

This week instead of having information about the regular clubs around Riley, I have interviewed the officers of the Student Council. The Student Council is a very worth while club and it helps all of us by trying to better the school and students and it also strives to promote school spirit.

The president of the club is Janet Bohs, a senior. The duties of the president are to preside at all meetings and to encourage good school citizenship. This semester Janet is taking Chemistry, English Composition and Sociology. Janet's favorite pastimes are, tobaggoning at Erskine, listening to records, and spending money. Tops on her record list is "Young Love." Kids who crowd in the cafeteria line is her pet peeve.

People who start to say something then forget what they were going to say is the pet peeve of Vice President Evadene Kagel, who is a junior from her home room 315. Her duties consist of taking over when the president is absent and to head various committees. Charcoal Barbeque Pork Chops seems to head her list of foods while "Love is Strange" is her favorite song. Most of her spare time is spent with a certain guy named Joe.

New Look At Library Adds Beauty; Efficiency

"There's been some changes made" in the library. These changes were made to make it more convenient for the students as well as providing more space and adding a new touch of beauty.

One of the major changes is the desk that has been shifted from it's original locality in the center of the room to a position closer to the doors. For the students that hastily enter the library to check in books, this change has proven to be more efficient. When the desk moved out, the tables moved in, thus, linking all the tables together that were once separated.

All non-fiction books are shelved clock-wise around the library, beginning in the south-west corner and proceeding along the west wall and into the small room which formerly housed the biographies. The biographies are now resting on shelves on either sides of the doors. The books continue out of the small room and along the walls on the north side of the library to the north-east corner where the 900's end. All numbering is consecutive.

Since the biographies have moved, the books on the Fine Arts now make the biography room for their home. The magazines have also been "linked" together by transporting the current magazine rack next to the magazine room. Old magazines are requested at the desk. Three sets of encyclopedias, that are allowed to be checked out over night, are located on a shelf near the

The new arrangement was the result of research done in the planning of the Riley librarian, Miss Lois Josephson. After looking at the libraries of various other high schools as Washington High, as well as illustrations, Miss Josephson and Mrs. Albertine Leatherman decided that our library would look better and serve the faculty and students better by the new arrangement.

If you haven't been in the library recently, now would be the ideal time to pay a visit and get acquainted with the "new look" of the library.

Next week the Hi-Times will begin a book review column which will aid those who normally have a hard time finding a "good" book.

Secretary-treasurer of the club is senior Janice Arick. Her duties consist of taking minutes, attendance, dues, and handling all correspondence. This semester Janice is taking shorthand, office practice and economics. She is excused after third hour to go to work. She is now working at Frick Electric & TV. Heading Janice's record list is "Rose and a Baby Ruth."

French Club

French Club was held at the home of Susan Clark at 7:30 p.m. on Thursday, January 17. More arrangements were made concerning the trip to Chicago in the spring. After the business was finished, they played French Bingo and had refreshments. The meeting was closed at 9:15.

On-the-Job Training **Gives Good Work** Experience

Sixteen Senior A girls who are enrolled in the Office Practice Cooperative Program leave school each day at the end of the fourth hour so they may punch the time clock in their respective business offices at one o'clock, along with 88 other girls from Adams, Central, and Washington.

Instead of being in the classrooms of Riley in the afternoon, they are getting on-the-job-training in their chosen vocations of office work. They work a minimum of fifteen hours a week and for that they receive, in addition to their pay checks, an additional credit in their office practice course. If they prove satisfactory in their job assignment and if there is a vacancy in the office at their graduation, they will probably continue right on into full-time employment in June.

The girls and their job station are as follows: Glenda Black - Indiana Bell Telephone Co.; Josephine Boxwell -Bendix Products Division; Barbara Ebersole - South Bend Lathe Works; Mira Elliott - Travelers Insurance Company; Beverly Farkas - Bendix Products Division; Gail Fischbacker -Indiana Bell Telephone Co.; Olga Gusich - American Trust Co.; Tresa Losure - Associates Investment Company; Myrna McBride - Lincoln Life Insurance Company; Karen Neiswender Associates Investment Company; Janet Zeiger - Coffield Supply; Donella Blair - Bendix Products Division; Carolyn Hummer - Ketcham Bros. and

Freshmen Travel To Michigan City; Lose In Conference Battle

Travling to Michigan City last Thursday, Riley's freshman basketball team was defeated by their hosts 39-30 in their eighth conference game.

Scoring twelve points in the first period, the freshmen took the lead over Michigan City 12-10 at the end of the quarter. Scoring only seven points against City's eight, Riley dropped to a lead of one point at halftime.

During the third period, Michigan City moved ahead of the freshmen, making the score 27-23 at the end of the third period.

Outscoring the frosh again in the fourth period, Michigan City strengthened their lead 39-30, to end the game in

Scoring was led by Bill Nelson with eleven points. He was followed by Bill Toles, eight; Rodney Sipe and Tom Ellison, four apiece; Jim Morgan, three, and Jerry Smith, one.

Kittens Stun Madison; Fall At Michigan City

Riley's Jr. High team started back in a wining way by coming out on top in three of their last four games. Riley broke a seven game losing streak by beating Navarre. They then played the leaders in their division. More recently the Cats have done very well. On Wednesday, February 5, Riley walloped the Madison quintet 52-21. The Cats played a exceptional first quarter taking a 18-10 lead. Riley coasted in piling up 52 points to rout Madison 52-21. A week ago yesterday the Riley five traveled to Michigan City with the Freshmen. Michigan City downed the Cats 34-26. Riley took a early 7-5 lead but were then stymied by a zone defense which is illegal in South Bend for Jr. High. City also took advantage of their superior height having many boys around 6.0". Riley now has a 7-9 record.

Varsity Falters Twice; Losing Streak At Five; **B-Squad Beaten Twice**

by Dave Lerman

Riley's basketball team continued in its extended tailspin by dropping two games last week-end, losing to Elkhart 67 to 57 and Lebanon 69 to 61. The current slump started with the Wildcats loss to LaPorte. Since then Riley has lost five in a row and now are 7 and 11 for the season. This includes their win via a forfeit by East Chicago Washington whom they were defeated by.

Last Friday the Wildcats came up against the sixth ranked team in the state in the form of Elkhart. The Blazers took an early 13-2 lead before the Wildcats could find the range. Capitalizing on their height, Elkhart combined a balanced scoring attack to keep at a safe distance from Riley. Dan Barnes led Riley in their attempt to stave off their fifth conference defeat against two wins, with 30 points.

Traveling down to Lebanon Saturday the Wildcats found their hosts completely uncooperative. Led by a pair of 6'2" brothers Jim and Lou Burnell, Lebanon never trailed in gaining their fourth victory of the season. Barnes was high again for Riley with 18 points.

The B team fared no better than the varsity last week dropping their encounters with Elkhart in an overtime thriller 46-44 and with Lebanon 48 to 34. They now have a season record of 13 wins and 6 losses
