

# Marty Zsedely, Tom Bloom To Reign At Senior Prom

## Mike Shapiro, Bev Rupel, Bob Lerman Win Council Posts

Mike Shapiro became the new president of the Student Council in the election last Friday. Beverly Rupel was elected vice-president and Bob Lerman, secretary-treasurer.

Students voted all day at the machine in the main hall. The elections climaxed two weeks of campaigning and were preceded, two days before, by an assembly for grades ten and eleven. Other grades heard the program in their homerooms over the P. A. system.

In the assembly, the presidential nominees each gave a five-minute speech. They were: Mike Shapiro, Carolyn Howes and Mary Jo Bruerd. Candidates for vice-president—Dianna Singleton, Beverly Rupel, and Darnell Beatty—each gave a three-minute talk; and nominees for secretary-treasurer each talked for one minute. They were: Woody Talcott, Judy Postle, and Bob Lerman.

The candidates were nominated by the Student Council several weeks ago. To be eligible for presidency, a student must be a junior and have been in the Council at least two semesters.

To be eligible for vice-president, a student must be a sophomore and have been in the Council for at least two semesters. Eligibility for secretary-treasurer requires that the student be in high school and a member of the Student Council.

## From the . . . Editor's . . . Desk

By Neil Cossman

Congratulations to the newly elected Student Council officers! Congratulations also to the students who voted! Shame on you who didn't even attempt to vote!

There were 1119 students who voted. However, due to not operating the machine correctly, exactly 200 students did not have their votes counted. Perhaps the blame rests with the Student Council for not informing the students beforehand (a day or two) as to how to operate the machine. This would have saved time and permitted more people to vote.

But perhaps the blame rests with me for not informing the students through the paper or suggesting the Council inform them. However, it remains that no one said anything; at least no one listened and all we can do is make sure the same thing doesn't happen next time.

I did some figuring and it seems impossible for 1900 students to vote in the eight hours allotted. However, 1100 students did vote and we heard some took up to one and a half minutes. With instruction a day or two before, the voting should take all of ten seconds.

Some people questioned the amount of space we gave to each presidential candidate last week. We didn't limit the length of their articles one way or the other. All candidates were notified of how much the others had submitted and offered more space if they wanted it. What appeared was exactly the way the nominees wanted it.

I thought the Council assembly went off very well except for one bad spot. We hope it's avoided next year. It certainly didn't accomplish anything.

## Briefs Of The "Times"

### Newly Elected

Officers of the Ushers Club for next year are: president—Rick Kachel, vice-president—Adrian Clark, and secretary-treasurer—Dale Applegate.

### Ten Top Hi-Times

Slavesmen for last week were: Bill Wilson, Charity Hartman, Maureen Gilbert, Neil Cossman, Larry Newberg, Judy Szoke, Gloria Whitmer, Donna Seely, Carol Lynn Porte, and Beverly Rupel.

The Seniors will hold their final Prom of their high school years, Younger Than Springtime, from 9:00 to 12:00, at the Knights of Columbus Hall, May 10.

Midway through the affair, the King and Queen, elected by their class, will be crowned in ceremony. About three weeks ago each senior homeroom nominated a boy and girl as King and Queen. On April 16, the seniors voted on their choices for King and Queen.

Chosen Queen by the class was Marty Zsedely. Tom Bloom was chosen King of the Prom. Composing the court are: Girls—Sandra Kenady (homeroom 205), Joyce Mamula (204), Mary Ann Erdelyi

(220), Connie Koski (213), and Patricia Nagy (317); Boys—John Lacopo (204), Ken Myers (317), Bill Fuerbringer (107), Andy Parker (205), and Rosaura Limbo (205). Marty and Tom are of homerooms 220 and 313, respectively.

Tickets for 'Younger Than Springtime' went on sale last Monday. They are \$2.50. The Lettermen of Notre Dame will play.

Ideas are still coming in for the decorations for the prom and it has been decided that punch and cake will be served for refreshments. The invitations are being worked on by: Mr. Lionel Martin,

Pat Nagy, Sharol Bowers, and members of their committee, which are: Molly Nash, Charlene Plowman, Linda Austin, Bonnie Dye, and Carol Brewer.

The reception committee consists of chairman, Barbara Buntman, with her members which include: Sarah Place, Alberta Carson, Tex Clark, and Charlene Plowman.

The Program Committee consists of Mr. Earl Webb, the advisor, and Bonnie Silberman, the chairman, with members of: Jeannette Pamachena, Barbara Shaul, Linda Rubens, Mary Sue Tatay, Diana Walters, Pat Roelke, and Allen Brenner.

# The Hi-Times

Vol. XXXI, No. 25

J. W. RILEY HIGH SCHOOL — SOUTH BEND, INDIANA

May 2, 1958

## 103 Students Take Merit Scholarship Exam

One hundred and three students took the National Merit Scholarship Qualifying Test last Tuesday, during the first three hours of the morning.

## Nancy Priddy, Edward Scramberg, Pat Roelke Top Senior Students

Names of the top students of Riley's graduating class are now known. These include the valedictorians, the salutatorian, the distinguished students, and the honor roll.

Valedictorians of the Class of '58 are Nancy Priddy and Edward Scramberg. The salutatorian is Pat Roelke. The valedictorians and salutatorians are the students with the highest grade average at the end of each semester, in their solid subjects, during their four years of high school.

In averaging the grades, an A has a point value of 97.5; a B, 89.5; a C, 79.5; a D, 72; and an F, 65. To be on the list of distinguished students one must have a four year grade average of 96.0 or above; to be an honor roll student of the graduating class, one must have a four year grade average of at least 90.0.

Distinguished students are: William Barnes, Florence Burroughs, Bonnie Dye, Arnold Goldberg, Joanne Hess, Charles Kachel, Karen King, Lynda Rubens, Kathleen Ramey, James Starrett, David Swihart, Diana Walters, and Howard Zisman.

Honor roll students are: Ideal Baldoni, Sharyl Barnes, Clara Mae Bell, Susan BonDurant, Sharol Bowers, Peggy Boxwell, Nelson Clark, Judith Daniels, Gene Decker, Brian Feingold, Shirley Gargis, Dorothy Gibson, Janis Glaser, Merle Grosvenor, John Horvath, Dolores Julian, Evadine Kugel, Sandra Kenady, David Klopfenstein, Frank Korn, and Joyce Mamula.

An estimated \$5 million in Merit Scholarships and other awards were at stake in the national competition, now beginning its fourth year. Some \$12 million in Merit Scholarships have been awarded the first three years of the program.

The Test is a three-hour measure of educational growth and aptitude. Emphasis is on broad intellectual skills, and on understanding and ability to use what has been learned, rather than on sheer knowledge of facts.

Divided into five parts, the test consisted of English Usage, Math Usage, Social Studies Reading, Natural Science Reading, and Word Usage.

A group of 10,000 students, composed of the highest scorers in each state, will advance to the Semi-finals when the results are announced to all participating schools.

Semi-finalists will then take a second test and those who repeat their high performance on the second test will become finalists in the program. Further evaluation of their grades, citizenship, and extracurricular achievements will follow, and the winners will be announced in the Spring of 1959.

The test was given this year to Junior A's and Senior B's. Many students throughout the country who did not expect to win took the test in order to learn more about their individual strengths and weaknesses.

Others are: June Mangus, Wayne Marvel, Margerie McPharlin, Kay Millon, Mardelle Molnar, Patricia Nagy, Molly Nash, Geoffrey Newman, Harold Micklas, Jeanette Pamachina, Jeanne Peterson, Carol Porte, David Richards, Sue Sargent, Donna Schroeder, Larry Severin, Bonnie Silberman, Diane Thornton, Pat Wegner, and Sandra Young.

## Mike Shapiro, Pat Miller, Elliot Harry Earn Math Medals

Riley's representatives in the finals of the Indiana University Mathematics Achievement contest returned triumphant, last Saturday, after a morning of tests on the Bloomington campus of the University.

Leaving at noon, last Friday, the five math students and Miss Elizabeth Murphy, head of the math department, arrived at Bloomington, late Friday, after a stop at Purdue University.

Representing Riley were: Mike Shapiro, in the junior comprehensive contest; Geoff Newman, in the senior comprehensive contest; Elliot Harry in the geometry contest; and Johnette Frick and Pat Miller in the algebra contest.

Mike placed third among over one hundred and fifty contestants in the comprehensive. For this he received a gold medal. Elliot and Pat both received bronze medals for being among the top thirty-five in their divisions. Exactly where all the contestants placed will be announced later. There were at least three hundred students in both the geometry and algebra contests.

About a month before, Mike had placed sixth in the state among all regional contestants in the comprehensive. The regionals are held as a qualifying step to the final contest. In the regionals, Mike competed with 327 students.

In the geometry regionals, Elliot placed thirty-eighth among 612 geometry contestants. Patricia Miller placed twenty-seventh among 687 algebra contestants in the regionals.

## Candidates Speak At Council Assembly

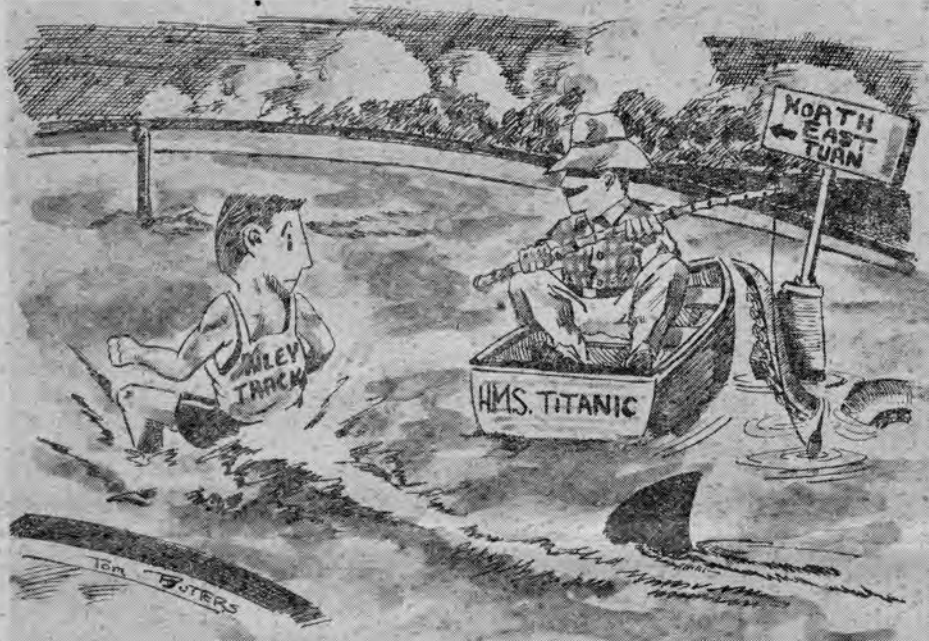

Nominees for the Student Council offices were photographed before the campaign assembly last week. Left to right they are: back row) Mike Shapiro, Carolyn Howes, Mary Jo Bruerd—presidential nominees, and Bob Lerman—nominee

for secretary-treasurer; (front row) Darnell Beatty—nominee for vice-president, Judy Postle—nominee for secretary-treasurer, Beverly Rupel—nominee for vice-president, and Woody Talcott—nominee for secretary-treasurer. Diana

Singleton, a nominee for vice-president, was not available for the picture. In the election, Mike Shapiro, Bob Lerman, and Beverly Rupel were elected to their respective offices.

# Watch Out For Sharks!

## "Where Was It During the Swimming Season"

During the rain last week, the track team was plagued by a chain o'lakes around the cinders. The perennial north-east turn has always been the largest pool, and Hi-Times cartoonist, Tom Butters, lost no time in predicting what the

pool might come to if the rains continued. We'll give a free Hi-Times to the person who succeeds in engineering a way to keep the water out for good; or at least during the track season.

## Students To Present Revue Of 'Glitter And Jitter' Of School Life

Riley will present an original revue, May 23 and 24, depicting various phases of school life. A project of the whole school, the revue is directed by James Lewis Casaday. There will be a number of songs throughout the ten scenes, and in charge of music is Ruby L. Guilliams.

Revolving around a junior girl and her steady, a senior boy, the revue is composed of ten scenes — the hall, the girl's purse, a Health class, the boy's locker, a newspaper office, the girl's home, a school dance, a pep assembly, the Cumberland Fair, and another home scene.

Led by Nancy Priddy and Judy Johnson, the group has named the show *Glitter and Jitter* to emphasize both sides of school life. Rehearsals began this week for most of the scenes. Many of the scenes are being written, casted, and directed by the students.

Tickets will soon be available at 50c, general admission, and 65c, reserved. Every Rileyite should be interested in the show as a mirror of life at Riley, the group feels.

## Letters to the Editor

We received more replies from study hall teachers about music in the study halls.

Mr. Wojtys: I think that music is fine in the study halls, providing all the students have adjusted themselves to good study habits and know how to use their time effectively.

Mr. Morris: I do not see that it serves any purpose other than entertaining these people who do not study.

A third teacher replied: Just as in acquiring a taste for olives, I think we could acquire a taste for good music if we heard more of it as background music in the study hall. For some things this might be the only beneficial thing coming from being in a study hall.

A student who wants to use Library: There is a study hall in the Library 4A on Friday. Other days the Library is available 4A hour unless a class is there, in which case it is announced earlier that the Library will be closed.

## Weird Monster Invades What Should Be Done?

By Jean Long

If someone gave you a Glagah, what would you do with it? This could be a serious problem!

Terry Mikel would melt it down and smear it on his back fender of the car. Maybe it would hold it in place and make the car run better.

Well, Mike Mercer would give the Glagah to General Motors. It would be General Motors' answer to Edsel.

Beverly Whiting would eat her Glagah for dessert at lunch time. It seems she never has any good dessert. This may be the answer.

Now Susan Clark would wrap it up in a big box and give it to Jan Richel for an "unbirthday present."

Larry Swerin would mix it with some gas and race it against any car at the dragstrip. If that doesn't work he will take it to Chemistry III Class and analyze it to see what it contains.

"I would frame it and save it for a rainy day," says J. Morgan. This would be a crazy picture, if you ask me.

Pat Markwith would throw it away as quickly as possible. It sounds terribly dangerous. Charles Stites also thinks it would be best to get rid of the Glagah. Who knows what you would be getting yourself in for? It may be another "Thing."

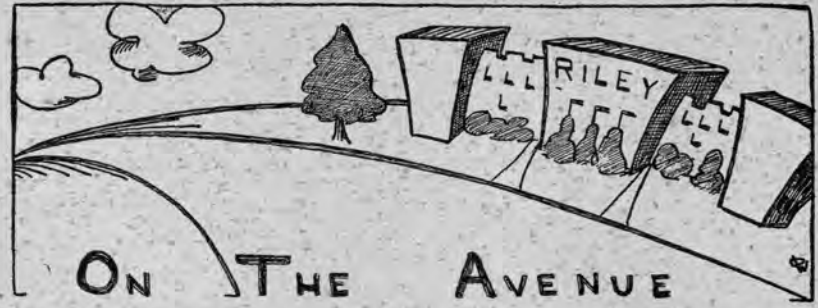

Grady Reinoehl would definitely save it. Besides letting it mow the lawn, he would have it play basketball with him. He isn't sure just how smart these robots would be, but if one of them could do his trigonometry for him, it would be indispensable!

Barbara Buntman would exchange it for a Sicklydnyk, as Glagahs are out of season.

P.S. Glagahs are predominately from Eastern Podunk, an island along the African coast. (Are you sure about that, Barbara?)

Tom Carmichael would do for it what every good American Glagah would want. He would see that it was enrolled in Riley High School.

Now are you all set for the answer? Here goes! Glagah is a type of common East-India grass. Surprised?

## Favorites Discussed Recording Artists Liked

By Shirley Lehman

It seems that we have been neglecting stories about popular songs. They are still around, you know. Some of the Rileyites are revealing their favorite popular songs with an explanation as to why they like it best.

Donna Madick is an Everly Brothers fan. She likes all of their slow songs. Her top song now is, "All I Have to do is Dream." She is especially fond of the thought the song leaves with her.

"Twilight Time" is Denny Ritten's favorite song. It has a cool beat for slow dancing, he says. He also likes the way the Platters sing it.

Oo-ee-oo-ah-ah! That is the Witch Doctor, of course. Ron Farkas likes the sound effects in the song. Who doesn't! Ron is sure it will be in first place within a couple of weeks.

Another "Witch Doctor" fan is Joy Smith. It is so crazy and it makes her go wild when she hears it.

"He's Got the Whole World in His Hands." George Vanderheyden says that the songs reminds him that he is not alone. Someone is always here to guide him in his decisions. It gives him an inner sense of quietness and restfulness.

"Endless Sleep" is John Woods' favorite. "It kinda puts you in the mood, if you know what I mean. Well . . . ?"

Dee Miller adores "Dream." It is by the Everly Brothers, of course. She likes this song mainly because of the rhythm. The lyrics are cute and very true. Dee would like to add that she loves all the recordings by the Everly Brothers, but she definitely doesn't watch them on television. It spoils all her dreams looking at them. (How cruel)

Larry Wilson likes "Twilight Time" because of the great depth and meaning and quality of the song. It puts one in a state of ecstasy.

Glitter and Jitter—Watch for it!

Hi Kids,

What's this we hear? John Hadrick turning to Voodooism? If not, why was he burning fingernails in Mr. Wolfram's early morning Sociology class?

O. T. A.

Overheard at lunch hour—Frank Korn to Merl Grosvenor: If it takes a year for a woodpecker with a rubber bill to ruin \$1,000,000 worth of cork trees, how long will it take for a grasshopper with a wooden leg to kick the juice out of a dill pickle?

O. T. A.

Here are a few of the Junior Prom couples we missed last week. Joyce Mamura and Clive Buckler, Marilyn Truesdell and Bob Huff, Dora Robinson and Jerry Stewart, Dort Rogers and John Goetter, and Carol Shadiker and Jim Oliver.

O. T. A.

"I've seen your grades, and I think they're terrible! Do you know you got five F's and a D? How do you explain that?"

"I guess I just spent too much time on that one subject."

O. T. A.

Someone around here should start a dating bureau for the Senior Class. Dave Swihart is looking for a date again.

O. T. A.

In second hour study hall 210 some one lost his belt. At least they were passing a brown leather belt up and down the rows.

## Four Riley Girls

—Carol Frepan, Mary Ann Lakovits, Barbara Much, and Jackie Ray— will be members of a panel to discuss dating for the Miami District Explorer Scouts, next Tuesday, at the Immanuel Methodist Church.

O. T. A.

"Why won't you go to the Senior Prom with me? Is there another boy?" "Oh, George, there must be!"

June.

# The Students Speak...

Edited by Bonnie Bedwell

## Movies, Food, Dances Top Rileyites Dating Lists

The last two columns of *The Student's Speak* were devoted to a discussion of the characteristics that one looks for in a date. This week and next week our question is on another important phase of dating.

Where are some of the favorite places that you like to go to while on a date; what do you like to do while on a date?

Margie McPharlin likes to go to Tower Hill and swim or go to Frankie's and eat ham sandwiches with her date.

Vern Neddo thinks a nice date consists of driving around in the state of Michigan; he enjoys the scenery.

A favorite of Mardelle Molnar is to go to the movies or to beat her beau at miniature golf.

Ron Benninghoff and Sue Shaw like to go to bull fights, then sneak down under the bleachers and eat hot tamales.

Sandy Allison: Teen dances with the Belvederes rate high on my dating list. I also enjoy the Youth of Christ rallies, which are held every other Saturday night at the Progress Club. After a date, a stop at Stoner's is practically a must.

The seniors from 315 are really a hungry group! Dave Klopfenstein, Cynthia Hummel, Art Hupka, and Sue Kasprzak like to wind up an evening by go-

ing to get some chow.

Linda Smith: I like to go to the outdoor theater or to play golf on a date. Afterwards we go some place for a coke.

Roland Antonelli likes to go to dances and outdoor shows with his date.

Woody Talcott: I usually like to go to dances. However, I like a variety of dates rather than the same kind week after week. I like movies, roller skating parties, and beach parties.

Rita Ann Nafrady: I like to go to Shula's on Sunday afternoon and then out for a ride. I really enjoy dancing, and I am also looking forward to this summer; so my boyfriend and I can go to the lake every day.

Rodney Black is real agreeable about where to go on a date; he likes to go wherever his girl wants to go.

Tom Bliler enjoys hayrides, movies, dances, parties and going to the drug-store.

Well gang, now you know where some of our Rileyites can be found on a date, and next week we'll find out about more of them. What about you?? Why not drop in the Staff Room and tell us where you consider a nice place to go on a date.

### Students Can Get Free Hi-Times By Sending Problems

By Ed Selamberg

Following are the winners and correct answers for last week's problems:

Problem one — Jerry Lerman. Correct answer — The bullet, because it has inertial velocity from the moving train, while the sound hasn't.

Problem two — Charles Totten and Tim Pickering — It is not possible. Charles and Tim had the most complete solutions.

Problem three — James VanSlette. Correct answer — There will be the same amount of wine in water as water in wine.

Problem four — Louis Swedarsky. Correct answer — The planes will be 500 miles apart one hour before they collide. Louis had the most complete solution.

Problem five — Bob Bernhardt. Correct answer — two hours of sleep for both.

All problems were worth one Hi-Times.

Paul McDorman submits the following problem: Imagine a river with the banks parallel in which the current is flowing at a constant rate. Which would take longer: a man swimming perpendicular to the banks, across the river, and back; or one swimming up the river a distance equal to the width of the river and back down the river the same distance, always parallel to the banks with the same swimming speed on both round trips?

Above problem is worth one Hi-Times. We only have one problem this week as it's all you sent in. We want this to be your column, your problems, your solutions. We give a FREE paper (Hi-Times) to the contributor of problems we use. Send them in.

### F.T.C. Members Look Back On Active Years; Club Holds Reception In Honor Of Teachers

This school year has been one of the most active for the Riley Lura VanScoy Future Teachers Club, advised by Mrs. Fern Barnett. Proof of this is a recap of the activities of these thirty-three members.

Delegates of the F.T.C. were sent to the Northern Indiana F.T.C. regional conference held in Ft. Wayne last fall. Sara Anson was nominated secretary of this conference. Sometime in October, the F.T.C. will entertain this conference at Riley.

During the Christmas and Easter holidays, the F.T.C. members made novelty favorites for the children at Logan School.

Recently, nine members traveled to Indianapolis to the State Workshop of the F.T.C. The club also recently entertained at a reception in the school library which was held in honor of Mrs. Florence Chezem, a teacher at the Lincoln School, and Mrs. Geraldine Hatt, a teacher at Central. These teachers were chosen the teachers of the year by the Progress Club. The parents of the club members as well as the entire faculty were in-

### Glee Clubs Prepare For Spring Festival

Sixty members of the Riley Senior Glee Club, directed by Miss Ruby L. Williams, will sing in the All City Junior-Senior High School Choral Festival, May 8, in the John Adams Auditorium. The program will begin at 8:00 P. M.

Sharing the program will be 35 Junior High boys from the Junior Boys' Choral Club, and 60 girls from the Junior Girls Club. These groups are directed by Mrs. Frances McMillan and Miss Williams.

Guest conductor for the evening will be Mr. Paul Christiansen, Choral Director of Concordia College, Moorehead, Minnesota who is one of the sons of the F. Milius Christiansen family.

Numbers to be sung by the Senior group include:

"Alleluia" by Randall Thompson.  
"Lost In The Night"—Christiansen.  
Melodies from "My Fair Lady."  
Beverly Bowers and Ruth Knechel will accompany.

Forty Junior High people from Riley will join with a group from Lincoln to do a special number called "The Wind." This is the poem of Christina Rossette which has been set to music and arranged for Junior High voices.

The people in their special group are Nancy Nall, Sally Jordan, Diane Hutchins, Cheryl Biellinger, Diane Eisele, Carolyn and Diane Tansey, Verdeu Rupert, Nancy Postle, Christine Olson, San-

### Language Clubs Honor Exchange Students; Program Includes Songs, Dance, Speeches

The four Riley language clubs held a reception a week ago, yesterday, at the First Church of the Brethren, in honor of the exchange students from the United States and abroad, and their parents.

A program was planned by the four clubs from Riley and language clubs from other area schools were invited. Also invited were the Riley faculty and a number of other educators and administrators.

Randy Brooks, an officer of the French and Latin Clubs, began the program with a welcome and explanation of the reception. Florence Burroughs, Riley's A.F.S. student last summer, told the history and present work of the A.F.S.

Mishawaka High School's exchange student, Gloria Asuncion of the Philippines, was the next speaker. Allan Singleton of the Latin Club followed with a talk about the Club activities and its relation to class work.

Several girls from the Spanish Club sang two Spanish songs and were accompanied by Bob Mahoney, also a member of the Spanish Club, at the piano.

Rona Belek, Adams exchange student from Turkey, spoke next. She was followed by Lynda Rubens of the French

Club.  
As an extra attraction, Sara Anson, Chuck Stites, Judy Johnson and Diane Stover presented a skit at this reception. This skit was on the qualifications of being a teacher and was written by Sara Anson, Dianna Singleton and Pat Roelke.

Future Teachers Club meets on club schedule as well as in the evening. At a recent meeting, Mrs. Bert Anson spoke to the club on teaching as a career. Also, Mrs. Barnett once showed the members slides of her trip to Europe.

For the past three years or so, the F.T.C. has been continually increasing. There are now four boy members. They are Merle Grosvenor, Arthur Hupka, Lyle Kollar, and Charles Stites. The officers are president, Pat Roelke; vice-president, Mardelle Molnar; secretary, Dora Robinson; and program chairman, Sara Anson.

There are two cadet teachers from the F.T.C. They are Mardelle Molnar, cadet teaching at Monroe, and Kay Million, cadet teaching at Studebaker.

### Glitter and Jitter—Watch for it!

### Music Appreciation, Harmony Available

A number of students have asked regarding a harmony class for the fall semester. Sign with your counselor and Miss Williams if you are interested in such a class.

There are others who are interested in having a Music Appreciation class. It is likewise necessary to sign with your counselor and also with Miss Williams for this course.

The above classes are open to senior high students only. Each carries one full credit per semester.

dra Dickey, Judy Kish, Lois Morgan, Suellen Frushour.

Others are Dale Neiswender, Robert Mann, Steve Jones, Alan Stanfells, Chas. Hohman, Ronnie Anderson, and Greg Baugher; John Byers, Carl Foster, Victor Carder, Tom Coleman, Ronald Sharp, Ross Wolford, Thil Huffman, Charles Fields, David Lewis, and Stanley Hancock.

Leroy Fitters, Jim Jeisel, Phil Renner, Charles Freeland, Jon Boonstra, Ralph Johnson, Bill Bernhardt, and Bill Miller.

Principal Byers and Miss Williams are ticket chairmen for the program. The price of these tickets is 25c.

### Geology Reveals Life Record of Earth's Past

By Terry Williams

Of our weekly talks on different sciences, this week we will discuss the science of Geology. Geology is the science that deals with the history of the earth. It traces through history all of the changes the earth has undergone. The record is read from the rocks themselves and interpreted in the light of processes now taking place. For example, how the climate is changing is one process the earth is going through. These processes take enormously long, perhaps millions of years. Some of these past changes have been produced right before our eyes. They have been produced in the rocks of the earth. Layer upon layer of rock has been studied and interpreted into ages of life and development.

In its broadest sense, geology is one of the most inclusive sciences. The life records of the past can be read in terms of modern biology; physics can be used to explain tides and earthquakes; the analysis of the materials of which our earth is made of can be referred to the chemist; and meteorology furnishes a background for study of the forces now changing the earth's surface. And so in nearly every respect it is seen that geology overlaps other basic sciences.

Probably the earliest geologic phenomena to cause comment were earthquakes, volcanoes, and floods. The earliest peoples connected these happenings to mythological monsters. These were the earliest beginnings of geology.

The geologist of today, as we know of him, is called a rockhound. He may be seen probing and picking at large rocks with his pick-axe. When studying rocks like this, you actually see the different ages of the earth unfolding before your eyes.

## Cindermen Injuries Aid In Loss To Academy; Finish Last In ENIHSC

By Leon Copeland

Even though being Wildcats, some of the Riley track team regulars didn't look too wild being doctored for their injuries. Although the injuries were legitimate, Coach Smith contends that some of them could have been avoided. Not being able to rely on number one men, the cindermen were overcome by the cadets of Culver Military Academy. Riley's vaulters captured the only sweep for either team taking all three places. Glen Wier was the winner in this event. A near sweep was taken in the high jump with John Odusch taking first and two Riley boys tying with two Culver cadets for second. Our boys also took firsts in the mile with Bill Barnes, in the half mile with Tom Baughman, and in the shot put with Dave Ton. The relays sealed the loss as Culver took both the mile relay and the half mile relay. About half the members of the relay teams were substitutes for injured regulars. The final score was Riley 44% and Culver 64%. Being a double dual, in separate scoring Culver also whipped John Adams 60-49.

As a member of the Eastern Division of the Northern Indiana Conference, Riley runners went to Elkhart for the Conference meet. Meeting stiff competition, no Riley runners were able to qualify for the conference meet on May 3. Tom Baughman brought back the only medal by coming in fourth in the half mile.

## B Team Tops Slicers; Falls To Cavemen, 6-5

By Bob Lerman

Coach Bob Biddle's Bees split two conference games against LaPorte and Mishawaka. This gave the B Team a 2-1 conference record and a 3-2 overall record going into yesterday's contest.

Riley traveled to LaPorte, last Friday, and edged the Slicers by a 1-0 score. Hal Widener pitched a beautiful no-hit shut-out for the Cats. The only run of the ball game was scored in the top of the first half of the first when with one out Jim Perkins walked and was moved to third. An error on the catcher scored Perkins and the score stayed the same the rest of the game. Riley threatened in the third but a disputed interference ruling and a disputed balk halted the rally. LaPorte threatened in the fourth but a ground out stopped this rally.

The Cats then fell to Mishawaka at Riley last Tuesday by a 6-5 count. Ken Andert started at the mound and only gave up one earned run but five unearned runs. The Maroons picked up a run in the first but Riley countered with three. Mishawaka then came back with four unearned runs in the second and a run in the third. The Cats ended all scoring later with two more.

The B's will travel to Washington tonight to face the Panthers for the second time in a conference struggle. Last time Riley whipped Washington 4-3 in the season opener. Riley will then face Central next Tuesday in another conference test at Studebaker and will then travel to St. Joseph and meet the Indians in their first of two games.

## Alley Cats Cop Bowling Title With Playoff Win

By Bob Bargmeyer

The Alley Cat team of Larry Peterson, Ron Finn, Ken Selby, and Tom Vander-Heyden claimed first place and the title of champions of the Riley Bowling League by defeating the Kingpins 3-1 in a special 3-game playoff Saturday. Both the Kingpins and the Alley Cats had swept their regular matches to end the regular season in a tie for first place with identical 29 won, 15 lost records, and so the special playoff was necessary.

Tom Anderson of the Kingpins helped his team into the playoff with a sparkling 227, the highest game of the year. He needed it, for Craig Easterday of the Unlucky Four, bowling against the Kingpins, shot a 209, fourth highest game of the year. Anderson claimed the high 3-game series of the day, a 516, but Easterday was right behind with a 509. These scores helped earn the Unlucky Four the second highest 3-game scratch total of the year, a 1746, but the Kingpins were only one pin down with 1745, third highest series of the year.

The Alley Cats took the high 3-game handicap series of the day with 2096 in the playoff, third highest total of the year in that department. The Kingpins were runners-up with 2075 Saturday.

### The Standings (Final)

	Won	Lost
1. Alley Cats	32	16
2. Kingpins	30	18
3. Forty-Niners	26	18
4. Four-Splits	25	19
4. Gutter Four	25	19
6. Unlucky Four	21	23
8. Four Aces	21	23
8. Maple Mixers	20	24
9. Alley Kings	19	25
10. Lucky Strikes	18	26
10. Strikeouts	18	26
12. Da'Bums	13	31

### Results, Saturday, April 26

Alley Cats, 4; Da'Bums, 0.  
Kingpins, 4; Unlucky Four, 0.  
Four Splits, 3; Alley Kings, 1.  
Lucky Strikes, 4; Maple Mixers, 0.  
Strikeouts, 4; Forty-Niners, 0.  
Four Aces, 3; Gutter Four, 1.  
(Playoff) Alley Cats, 3; Kingpins, 1.

## Jr. Hi Trackers Win

By Jim Jewell

Coach Paul Frazier's Junior High track team won the Eastern Division Junior High warm-up meet at Adams, on April 25.

First place winners in the under-fourteen, junior division were: Dave Hendrix, pole vault and 120 low hurdles; and Jim Jewell, high jump. The winning junior one-half mile relay team consisted of Lanning, Wells, Kratovil, and Adams.

Those who took first places in the senior division (14 to 16) were: Willie Hall, 220 and 440 yard runs; Jim Potter, 660 yard run; Larry Jones, broad jump; Lee Deadmond, 120 low hurdles; and Dave Fackson, 100 yard dash. On the senior division mile relay team which took a first place were: Deadmond, Neiswander, McGowan, and Potter.

The Eastern Division Junior High Sectional will be held at School Field on May 6, and the Junior High Finals at School Field on May 13.

## Cats Take Two Conference Tilts; Face Panthers, Bears in NIHSC

By Bob Bernhardt

Coach Lenny Rzeszewski's varsity nine took two conference games last week facing LaPorte and Mishawaka. This gave the Wildcats a 5-1 overall record, 2-1 in the conference going into yesterday's struggle with Adams.

The Cats traveled to LaPorte last Friday and stopped the Slicers by a 7-0 count. Dan Barnes pitched a beautiful one-hit shutout, striking out twelve. He faced only two over the minimum amount of batters faced and only one other man reached base on a walk. The Wildcats picked up one in the first and after three innings lead 3-0. Riley then scored one in the fifth and two in the sixth, and in the seventh Tom Ellison hit a home run over the left center fence.

Riley then edged Mishawaka 1-0 in another beautifully pitched ball game by Danny Barnes. Barnes gave up only two hits and baffled the Maroons for seven innings. The Cats also were baffled but for 6 2/3 innings. The only run of the game was scored in the last of the seventh with two outs. To start the rally John Paul singled, advanced to second on a wild pitch, and scored on the game winning single by Arden Floran.

The Wildcats will travel to Washington tonight to meet the Panthers for the second time this year in a conference struggle. The Cats stopped the Panthers in the last game but Washington will be seeking revenge in this tilt.

Riley will then face Central next Tuesday in another ENIHSC test at Riley. Central has lettermen returning in every position but right field but have been having trouble thus far this year.

The Cats then will travel to St. Joseph in a non-conference game with the Indians next Wednesday. St. Joe was an independent power last season and with some returning starters have beaten some of this year's top schools.

## Linksmen Nearing First; Top Mishawaka, Devils; Get Revenge On Blazers

By Bob Lerman

Coach Joe Shafer's varsity golf team took three big strides in the direction of winning their third ENIHSC title. After downing a team from Benton Harbor the golfers smashed three loop foes in Michigan City, Elkhart, and Mishawaka.

At Michigan City the divot-diggers swamped the host school, 11 1/2-3 1/2, and proceeded to whip Elkhart, who was sharing first place with Mishawaka. The score was 9-6. Elkhart topped City, 9-6. Conway and Miller of the Blazers were medalists with a score of 79. Dave Wilmes had a 40-40-80 to lead Riley.

### Swamp Benton Harbor

Hosting Benton Harbor at Erskine, the linksmen won easily 13-2. Jim Draskovits was medalist with a 42-37-79. Blake was low for the Tigers with a 42-43-85.

Traveling to the Eberhart-Petro golf course in Mishawaka, the golfers squeaked out an 8-7 win. The win dropped the Maroons out of first place. Bob Daniels of the Maroons was medalist with a 37-34-71. Richie Stone led Riley with a 36-36-72.

### Standing of April 30

	Won	Lost	Tie
*Elkhart	6	2	0
Riley	5	2	1
*LaPorte	5	2	1
Mishawaka	6	3	0
Michigan City	4	6	0
Adams	2	7	0
Central	1	7	0

\* Tuesday's match not included.

ing to get some chow.

Linda Smith: I like to go to the outdoor theater or to play golf on a date. Afterwards we go some place for a coke.

Roland Antonelli likes to go to dances and outdoor shows with his date.

Woody Talcott: I usually like to go to dances. However, I like a variety of dates rather than the same kind week after week. I like movies, roller skating parties, and beach parties.

Rita Ann Nafrady: I like to go to Shula's on Sunday afternoon and then out for a ride. I really enjoy dancing, and I am also looking forward to this summer; so my boyfriend and I can go to the lake every day.

Rodney Black is real agreeable about where to go on a date; he likes to go wherever his girl wants to go.

Tom Bliler enjoys hayrides, movies, dances, parties and going to the drug-store.

Well gang, now you know where some of our Rileyites can be found on a date, and next week we'll find out about more of them. What about you?? Why not drop in the Staff Room and tell us where you consider a nice place to go on a date.
