Favorite vacation sites.

Significant events.

Favorite memory of time at Riley. I enjoyed being in the pep band (for basketball games). One of our tunes was the Al Hirt classic "Cotton Candy."

Funny or crazy incident. I used to roam the halls during lunch at Riley. You may recall we had to stay in school during our lunch period. The halls were largely empty and no one ever stopped me or questioned me. One time during my freshman year they held a contest to identify the number of items (may have been pennies) in a jar, which was stored in a glass trophy case across from the main office. I spent some time standing in front of that trophy case staring at the jar. I tried to guess how many pennies would fit into the height, width, and depth of the jar, and then calculated a total. On other days I re-examined the jar and got different estimates. I then came up with a range of guesses for the number of pennies in the jar. There was only one guess allowed per student, but I submitted 2 guesses, one for me and one for my sister Sally, who was also a student at Riley. If I wasn't going to win I at least wanted a Lerman to win. A few days later we were sitting in Mrs. Rohrer's home room class during the announcements over the loudspeaker, and they announced the winner of the contest. It was me. What a thrill and a heady feeling for me as a young freshman to hear that being announced to the whole school, and I figured I was a near celebrity. But no one ever even mentioned it and it did not seem to be the topic of conversation among my fellow students either. However, I did win a free ticket to the Riley fish fry.

Favorite teacher or staff. Among many I liked, maybe this time I will mention Mr. Joe Kodba.

Can we contact you by email in the future? Yes.

George,

Since I do not have an e-mail address for you I will resort to the old fashion means of communication. You should have received the mailing from the reunion committee regarding the planned reunion in 2013. I have received a return on the address I had for Hugh MacDonald. Fran Reaves stated that you might have a current address for Hugh. If so please forward it to me or Fran.

If you forward an e-mail address I will let you know the next time the Indianapolis contingent meets. This time with enough warning that you might be able to fit us into your schedule!!

Have a great day.

The last information I have on H MacDonald is that he is homeless - wandering / living in downtown South Bend. Sorry to pass this on. I believe the information is correct - I hope not.

I have a new mailing address

Favorite vacation sites: Kona, HI, San Diego and Palm Springs areas

Significant Events in your life: Beside having my wonderful daughter and later marrying my perfect mate at age 60, I have survived falling out of a speeding car at age 9, a brain tumor at age 38, and a heart attack at age 52. So I count my blessings and enjoy life each and every day. It has been my good fortune to teach video production and balanced journalism to hundreds of students for over thirty-five years, some of whom have gone on to achieve honors on the national stage.

Favorite Memory of Your Time at Riley: If I had to choose one thing, it would be the glint off the golden hair barrette and the sparkling eyes and smile of a certain strawberry blonde junior entering the gym for a pep assembly my senior year.

Funny, crazy incidents: When you stop to think about it, there were TOO many to list, but here goes:

The time I went to the nurse's office to ask to go home because I felt sick, but she asked if I had a test next period, which I did. So she told me to just go to class. I returned a few minutes later with barf all over my shirt and asked her again, "May I go home now?"

The time I turned my geometry book cover upside down and pretended to be dosing off so that Miss Murphy would call on me to ridicule me in front of the class, but that was *one* day I made sure that I knew every answer, every time she called on me! She finally scratched her head and gave up...

How would you like to be remembered? As someone who saved the free world, but I didn't start working on it early enough. I will have to settle for being remembered as a "recordingist" with perhaps some modest musical ability and a humorist who made people laugh, sometimes intentionally.

Favorite teacher or staff member: 1. Mr. Covert (Algebra) for slapping his yardstick on our desks in feigned toughness until we learned algebra real good. "*You people just _____ ('FROST' or 'SLAY') me!*" Then he would flash me a side wink of the eye. 2. Mr. Bilby (English) for his glib, heavy comments and dry intellectual sense of humor and for teaching us to appreciate poetry like, "*The Prophet*" by Kahill Gibran.
