## Riley Class of 1963 – 50th Reunion

---

Where did the years go since 1963? Our high school replaced with a new James Whitcomb Riley High School, Studebaker closed, and only one Bonnie Doon's is still open. Notre Dame has female students and there's a water raceway in downtown South Bend. Things change...

For one weekend in July and August, 2013, over 100 of us who graduated in the Class of 1963 gathered together. Each of us, in our own way, celebrated those days we had spent together. Some we had known for thirteen years. Some we had known only in high school, and some only for a year. Our class was large and some we never really knew at all because our class schedules and activities never overlapped. But for one weekend, we gathered to celebrate what we still have in common.

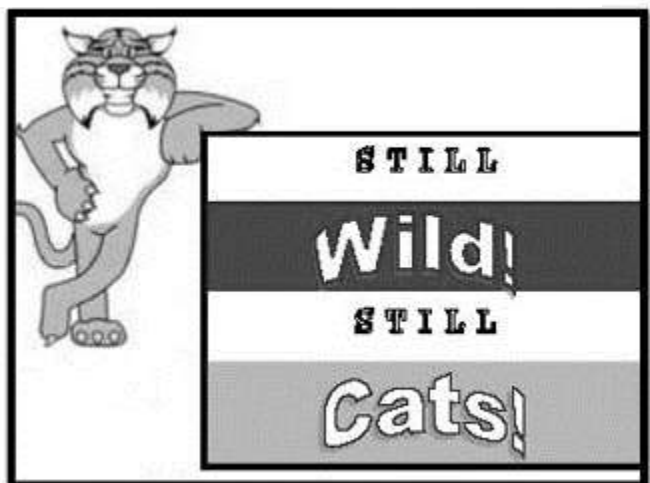

This booklet captures some of our celebration. Informal get-togethers, golf outings, a terrific dinner together with our spouses and teachers, and a brunch to end the weekend. It was way more fun than high school!

Take a moment to remember those who are no longer with us, too.

As you read, those of you who were able to attend will be reminded of the activities we shared.

Updates from classmates make wonderful reading. There are updates from classmates who attended and also those who weren't able to come.

At the end of the booklet is all of the contact information provided by the Wild Cats of 1963! Hope to see you in 2018, when we meet again.

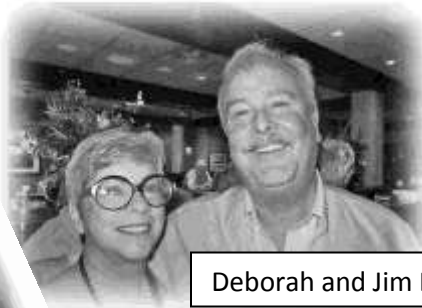

## Friday Night Mix and Mingle

---

Many classmates took advantage of the first event of the weekend to reconnect at the Waterford Estate Lodge Pub & Grille. It was a great opportunity to visit with old friends and get to know some you didn't have classes with back in the day. Laughter, hugs and stories abounded.

## Saturday Golf Outing

Donna Hartman Rowe, Bill Bernhardt and Bill Lawhorn planned the Saturday golf outing and it was well attended, with seventeen golfers and two accompanying supporters. Playing at Erskine Golf Course, foursomes consisted of two teams of two men/two women. Every six holes, a different tournament was played. Seventeen players creates four foursomes plus one? Hmm. The one three-man team won the tournament: Jim Glick, Winslow Phillips and Fred Rosenfeld. Congratulations to the winning team, who were each presented with trophies and a \$25 gift card.

Gift cards and trophies were also awarded for individual efforts by the men and the women. Sue Lattimer Carder and Fred Rosenfeld won in both categories for their genders: being closest to the pin and hitting the longest drive. Guess we know who's spending the most time on the golf course these days.

### Participating golfers

were Bill Bernhardt, David Blakely, Margaret Keltner Blakely, Sue Lattimer Carder, Victor Carder, Tom Dixon, Bob Elli (husband of Kathy Klosinski Elli), Jim Glick, Mike Hauser, John Hipkind, Tom Holmes, Larry Katz, Bill Lawhorn, John Peterman (husband of Charlene VandeWalle Peterman), Winslow Phillips (husband of Linda Stevens Phillips), Fred Rosenfeld and Donna Rowe. Dave Murray and Shirley York went along for the ride.. Let's see if Sue and Fred can continue their winning ways in five years, when we meet again.

## Saturday Night: Still Wild, Still Cats

---

The main event – **Still Wild, Still Cats** – was held at Century Center on Saturday night.. Registration and cocktails from six to seven offered another chance to catch up with former classmates. A group picture was taken on the grand staircase prior to the buffet meal featuring hand-carved prime rib.

There was a long table devoted to Riley High School memorabilia and another one in memory of our departed classmates. Also on display were the items available for our fund-raising raffle.

Marcia Gunter Frost, Rana Smith Snyder, David Fulcher, Marie Odusch Culliton, Norman Bone, Caroline Bone

Charlene VandeWalle Peterman, Carol Witner Sparrow, Cheryl Bullinger Shoemaker, Tom Dixon, Elizabeth Dixon, John Peterman

Following the buffet, John Hipsskind ably served as our emcee as he introduced our guests, former teachers Don Barnbrook, Jim Krider and Doug Simpson. Golf prizes were awarded, raffle tickets were drawn and our known deceased classmates were memorialized. We sang a rousing version of the Riley school song, "Wave the Flag for Dear Old Riley." The singing was accompanied by much waving of purple and gold napkins. Dancing and socializing rounded out the wonderful evening.

## Sunday Brunch at Tippecanoe Place

---

How many of us had parents or grandparents who worked at Studebaker? It is a big part of South Bend's history. Between seventy and eighty of us got to see some of that history while we enjoyed a fabulous brunch at Tippecanoe Place, the historical home of the Studebakers.

The home is now a fine dining establishment and they serve a renowned Sunday brunch. We enjoyed it as we took advantage of one last time to visit and reminisce before our 50<sup>th</sup> class reunion weekend came to a close.

There was wonderful food and better conversation. And, of course, there were promises to stay in touch, with hopes to see each other again. It was a great way to cap off our eventful weekend.

**Mathia, Robert**

Spouse: Carol Wagner

Children: 2

Grandchildren: 3

- Retired: Foreign Service and City of South Bend
- Raising two daughters, with the help of a great wife, and seeing them begin their own families and careers is my greatest highlight over the last 50 years. The other is our overseas experience.
- Compliments of Uncle Sam, we were able to live in many parts of the world and experience different cultures. Countries we lived in or visited were Korea, Honduras, Panama (2 different tours), Washington, D.C. (yes, it is a different country!!) Pakistan, the Dominican Republic, the Ukraine, Thailand, Spain, England, France and Australia (one daughter lives there).
- My first tour in Panama occurred during the Canal Treaty negotiations. I got to see firsthand how difficult it is to carry out such negotiations. My second tour started immediately after Noriega was captured by U.S. forces. At that time we worked hard to strengthen the democratic process of government in that country. Pakistan was clearly the most exciting posting. We were there in the late 1980's when the U.S. was trying to strengthen Pakistan and get the Russians out of Afghanistan. Many of the locations I worked in were the same places where the U.S. looked for Bin Ladin in later years.
- The last 10 years of my career I spent working in the City of South Bend's Community and Economic Development Department. While it was not as exciting as working overseas, it was as equally satisfying seeing development happen.
- I had wanted to return to South Bend this summer, Unfortunately, each time it appeared the trip would be possible something came along that prevented it. I hope the reunion is a great success and everyone enjoys it.

### Seely Powers, Carol

Status: Single      Children: 2      Grandchildren: 4      Great-grandchildren: Yikes! None

- Retired from banking
- Since graduation from Riley, I have lived from the St. Louis, Missouri area to the south central Virginia area. Now I am now back in Indiana.
- I was educated in colleges in Missouri and Virginia after the birth of my two sons.
- I spent most of my career in real estate and mortgage banking. However, thanks to my studies in art under the tutelage of Mary Jane Day at Riley, I always wanted to pursue art in some way. I got that opportunity when I took art classes in Virginia, entered some art fairs and did some commission art work. Then I was offered a position in an art gallery and custom framing business in Virginia. I trained under a certified custom framer and became certified in custom framing. Then when I returned to Indiana, I went back into mortgage banking for a few years, but got the opportunity to live out a dream. I opened my own art gallery and custom framing business in South Bend. It was a great phase of my life and I enjoyed it. Unfortunately, when the economy went downhill, I closed and spent a few more years in banking.
- I was also the primary caretaker for my mother in her declining years until her passing.
- Now I am retired. I am enjoying some traveling, spending more time with family and friends (especially school friends and the Riley reunion committee).

In retirement one of the pleasures I get is that second cup of coffee in the morning and watching others rush off to work. Life is good!

## Reunion Committee

---

So often, only a few people actively participate in helping to create an event. The success of our reunion is due to people who worked tirelessly and those who turned out whenever needed. Coming from South Bend and the surrounding area, these classmates can socialize whenever they want. However, they gave of their time and talents to provide an outstanding event for classmates who attended from all over the country and from foreign countries, too.

Heartfelt thanks from all of us, whether we could attend or not, to these people who attended at least two committee meetings or work sessions and created a magical weekend for us:
