

# THE HI-TIMES

honor roll issue will appear next Friday. Included will be the complete semester honor roll listings and a complete paragraph and tabular analysis of the honor roll, as well as all the regular news and features.

## Juniors

will be measured for their class rings on February 10. A five dollar deposit must be made with the order. Purchase of a ring is not necessary, of course. See the Berg's ad on page three.

## Are you missing

the HI-TIMES weekly radio program, Talk of the Times, broadcast each Thursday at 9:15 a.m. (during home room) over WETL, the School City Station?

If so, talk to your home room teacher about getting the program piped into your room. Or, contact the HI-TIMES (room 302).

## The Main Library,

downtown, will close next Thursday at 9 p.m. for moving operations from the present building at Wayne and Lafayette Sts. to the new location at Wayne and Main Sts.

It is expected that the Library will reopen about March 1. In the meantime, the branches will be open and the film service will operate from the Tutt branch on Miami Street.

## Index to the Issue

**page one**—picture of the Riley basketball queen and her court, and seven news articles.

**page two**—an editorial on the group vs. the individual, On the Avenue, Ideas, Students Speak, People of the Times (Ken Barna and Ruth Ann Knechel), and Odds and Ends.

**page three**—Bowling article, Ushers Club article, QED, art class article, and an art class picture.

**page four**—Cat Tales, sports articles, and pictures of Swimmer John Buchanan and Wrestler Art Floran.

## Top Ten Salesmen

for the HI-TIMES January 22 were: 1. Andrea Shuff, 2. Leon Copeland, 3. Karen Thilman, 4. Jaci Handlin, 5. Gerry Reinke, 6. Carol Harbour, Mary Sweeny, and Sue Monteith. 7. Margaret Gubens, 8. Phyllis Copeland, 9. Sybille Waizenegger, 10. Marianne Deadmond.

## Second Science Fair to be held March 12 at new Washington

For the second consecutive year South Bend will hold a Science Fair. It will be held March 12 in the new Washington High School.

The fair has four divisions: Primary for kindergarten through third grade, Intermediate for grades four to six, Junior High for grades seven to nine, and Senior High for grades ten to twelve.

Prizes will be given in each area. There are five ribbons in each category. Merchandise prizes are given for the Biology and Physics projects, these are valued from \$25 to \$30.

Last year the fair was held at Edison School. There were 793 exhibits and about 8,000 people attending the fair. Riley had several winners last year; they were, Fred Julian, Kent Wilcox, Joe Nyikos, Leonard Garka, and Steve Jones.

Those interested in entering should contact their science teachers immediately. Entries must be in to Mr. Paul Frazier by March 2.

Friday, February 5, 1960

## Council plans dance, exchange-fund drive & election of officers

Starting with the new semester the Student Council will begin a new round of activities.

The first project it has planned is a recreation dance to be held later this month. Kay Kudlaty is head of the dance.

Then in the spring the Council will stage its annual drive for funds to vance the exchange student program. Heading this will be Dave Flemming. In May the Council will hold the elections of officers for next year.

So far this year the Student Council has held the Teacher's Tea, the football round-up, redrawn its constitution, had signs put up for the pedestrian crossings at Ewing and Fellows, and had charge of the basketball court.

## N.H.S. to sponsor spring Fashion School; presents honor roll plaque next Friday

Consisting of 45 members after the recent induction of 29 seniors, the National Honor Society is now planning second semester activities.

Two of these projects will take place next week. One is the awarding of the Honor Society honor roll plaque to the senior high home room with the highest percent of its students on the honor roll.

The other is the starting of a fashion class similar to the one sponsored by the NHS last semester. The fashion class consists of ten weekly meetings organized by the South Bend Recreation Department and conducted by Mrs. Barbara Hickok.

Meeting in Riley from 3:15 to 5:15 on Thursdays, the classes are open to a maximum of 40 girls from grades ten through twelve. The first class meets a week from next Thursday.

Enrollment of girls for the class

will begin next Tuesday in Room 300 and will stop when 40 girls have signed up. A \$1.00 registration fee is asked.

Considered in the course will be improvement of one's appearance and gaining poise. A style show which will probably be held later in the semester will also provide experience for some of the students.

The NHS Plaque, now held by Miss Catherine Wolf's cafeteria home room, will be presented to the top room next Friday. The plaque is awarded every nine weeks except the last during each school year.

Other projects on the NHS calendar are participation in the upcoming Monogram Club Carnival and sponsorship of the Hoosier Poet dance (at which the yearbooks are distributed).

## Progress Club art exhibit includes work of 13 Riley students

Having their art work on display at the Progress Club Art Exhibit has been the recent honor of thirteen Riley students. This was the Second Annual Art Exhibit sponsored by the Progress Club.

Each of the South Bend high schools was allowed to enter from ten to fifteen pieces. A scholarship was awarded by the Progress Club to the senior art student whose work was judged as the best.

The thirteen Riley students whose work was entered by their teacher, Miss Mary Jane Day, are: Lynne Witt, Millie Delich, Don Nelson, Carol Buckle, Linda Smith, Gretchen Dose, Donna Whittinger, Peg Dueringer, Joyce Lugan, Phyllis Mikel, Sharon Berta, Greg Baugher, and Shirley Frick.

The idea for this art exhibit originated two years ago when Riley had a display of its own at the Progress Club. Then last year Adams, Central, and Washington joined Riley for an all-city exhibit. Now it has become an annual project of the Progress Club.

## Sub-varsity debaters win Central tourney; start practice debates

Coach Charles Goodman's debate squad fared well in the Central Invitational Debate Tourney a week ago last Saturday.

Although the varsity squad won only three out of six debates, the sub-varsity teams swept all six debates to earn the first-place B-Team trophy.

### Affirmative takes two

Making up the varsity affirmative was Steve Coffman and Bill Wead. This team won two of three debates by beating Washington-Clay and Kokomo, but falling to Howe.

The negative varsity, Bob Lerman and Bruce Bon Durant, fell to Central and Warsaw but whipped highly touted LaPorte.

The sub-varsity teams, in sweeping all six debates, gained much prestige for Riley debaters.

Members of the affirmative sub-varsity, Richard Reminih and Dave Fleming, turned back three negative teams.

Allan Singleton and Gordon Tolle, sub-varsity negative speakers, topped their three affirmative foes.

### Singleton takes third

Allan gained individual recognition by earning third place among sub-varsity speakers. Dave Fleming also gained recognition by placing in the top five speakers.

Debaters are now looking forward to the upcoming weekly inter-city debates with Central and Adams.

Last year the squad had practice debates with Central and this year will add the Adams squad to this weekly competition.

## Frosh to hold annual dance 'Blue Heaven' for freshmen only

Preparing for their dance "Blue Heaven" is the present project of the freshman class. Open to freshmen only, the dance will be held February 19 from 7 until 10 p.m. in the gym.

The ticket committee is headed by Jaci Handlin with Miss Marie Shively as faculty sponsor. Handling the publicity is Mark Wolley and Mr. Markwood Edison. Head of the combination committee, invitations, transportation, and reception, is Jim Starrett and Miss Killeen.

Dave Murry is head of the entertainment committee and Mr. Paul Frazier is the faculty sponsor. The check-up committee is headed by Judy Amm, Mrs. Doherty is the faculty sponsor. Marie Odusch and Diane Hutchens are the co-heads of the decoration committee. The sponsor is Mr. John Clayton.

The clean-up committee is headed by Bob Sult and sponsored by Miss Jean McAlpine. Marsha Perkins, class social chairman, is head of the Music and Refreshment committees; these committees are sponsored by Miss Helen Brokaw. This committee plans to have the back gym for entertainment.

## Ellen VanDeWalle reigns at Adams game

AT ADAMS AFTER THE CORONATION CEREMONY for the Riley Basketball Queen are the queen and her court. Left to right are: Queen Ellen VanDeWalle, and Court Members Sheryl Royer, Judy Satterlee, Darnell Beatty, Becky Uhrig, Joyce Kopecki, Carol Mikel, and Karen King.

## "The lonely mind"

Sam Schwartz is a top-flight chemist. After he graduated from college, Sam went to work for a large chemical firm. Here, although he thought he was doing individual research, he was tied down to research in a specific area.

Sam ran into other difficulties in research such as having too little leeway in working overtime and always being bothered while in the heart of his research.

Although Sam thinks he is doing individual research, he is really just another cog in a machine working for the needs and wants of the corporation.

These situations are going on in many fields. Is too much of our individual thinking power being wasted by the use of our top minds by large concerns? In every walk of life the individual initiative that stirred men like Henry Ford and James J. Hill is lacking.

Scientists, manufacturers, and even many journalists have seen individual thinking replaced by group thinking in their fields.

Nothing, however, can be thought of by a group. Original ideas can come only from individuals.

As John Steinbeck pointed out in his book, *East of Eden*, "Our species is the only creative species, and it has only one creative instrument, the individual mind and spirit of a man. Nothing was ever created by two men. There are no good collaborations, whether in music, in art, in poetry, in mathematics, in philosophy. Once the miracle of creation has taken place, the group can build and extend it, but the group never invents anything. The preciousness lies in the lonely mind of man."

—Bob Lerman

## People of the "times"

**RUTH ANN KNECHEL**  
by Nan Skaret

Practice! Practice! Practice! Some people hate to practice piano, but for senior Ruth Ann Knechel, the piano is a source of constant enjoyment.

Because of her musical talent, Ruth Ann accompanies the Riley Glee Club and is also in the four-

high school production, "Gypsy Baron."

Besides music as a special interest, she likes to observe the reactions of people in various situations, for instance, the Christmas rush.

Ruth Ann, who doesn't like being called "Ruth," is very active in high school. She belongs to the National Honor Society, holds the offices of president in Future Teachers Club and treasurer of her home room. She is also president of her church youth group.

Ruth Ann believes that it is necessary to date a lot of people in high school so that "one's circle of

acquaintances can be broadened and enriched."

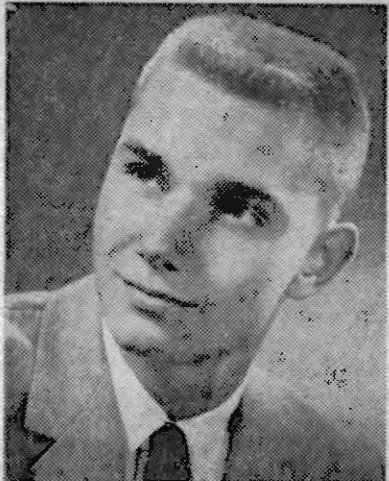

This semester includes Biology IV, Latin VIII, English VIII, Sociology, and Glee Club for Ruth Ann. She plans to attend college in order to become an English or elementary teacher. She will minor in music.

Her favorite pastime is, naturally, listening to music, and her favorite sports are football and basketball. Her number one food is pizza. Ruth Ann came to Riley from Gettysburg, Pennsylvania, in her sophomore year.

**KEN BARNA**  
by Johnette Frick

Ken Barna's funniest experience was: "When my dad's '57 DeSoto station wagon was converted into a mobile gambling casino while returning from Purdue on Junior Day last April."

Ken is taking Analytic geometry,

physics, trigonometry, and English VIII. His extracurricular activities include being a laboratory assistant, and a member of National Honor Society.

His special likes are: "Duane Eddy and The Rebels"; poker sessions with the boys; talking to salesgirls at J. C. Penney while on the job; and, on the refined side, Glenn Miller. His dislikes are: "snobbish and immature girls, and biased teachers."

Ken has an interesting suggestion for improvement at Riley. "Recognition of scholastic achievement should equal the recognition given to those who excel in athletics. The basic purpose of school is to educate the mind. There has been a recent tendency in this direction."

His most unusual experience at Riley was: "spending the afternoon at Tower Hill on May 6, 1959, after being excused from school in the morning to take a science aptitude test at Notre Dame; also, the lineup in Mr. Byer's office the following morning."

Of dating and going steady, Ken says: "I'm for dating 100% although I restrict it to a minimum age of 15. I am generally indifferent to 'going steady.' Personally, I don't see any sense in today's version of 'going steady.'"

## IDEAS

We should be careful to get out of an experience only the wisdom that is in it—and stop there; lest we be like the cat that sits down on a hot stove-lid. She will never sit down on a hot stove-lid again—and that is well; but also she will never sit down on a cold one any more.

—Mark Twain  
Following the Equator,  
1897

I have noticed that when chickens quit quarreling over their food they often find that there is enough for all of them I wonder if it might not be the same way with the human race

—Don Marquis  
archy's life of mehitabel

I know that a man who shows me his wealth is like the beggar who shows me his poverty; they are both looking for alms from me, the rich man for the alms of my envy, the poor man for the alms of my guilt.

—Ben Hecht  
A Child of the Century,  
1954

At times he regarded the wounded soldiers in an envious way. He conceived persons with torn bodies to be peculiarly happy. He wished that he, too, had a wound, a red badge of courage.

—Stephen Crane  
The Red Badge of  
Courage, 1895

It is wrong to assume that men of immense wealth are always happy.

—John D. Rockefeller,  
to his Sunday School  
Class.

by Pat and Georgia

Hi! Oh have we got some news this week! After finals, everyone went crazy. To see just what they did, read on. . . .

O. T. A.

If you want to know how to get along with girls just ask DON ELLISON AND BOB FOOR. Of course, they had an advantage. The ratio of girls to boys was 33 to 2, which are pretty good odds for anybody. This once-in-a-million chance was on the bus going to the LaPorte game. Several boys have asked where you sign up for the next trip.

O. T. A.

A curious note from the sophomores: Will somebody please buy Judy Arch some thread so Nancy Postle won't be bald!!

O. T. A.

We're glad the kids in the band had such good luck in the instrumental contest. Now MRS. MEYER'S English classes can have some peace.

O. T. A.

If anybody sees a little green man carrying a big bag and following Greg Baugher through the halls don't be worried, it's just his caddy.

O. T. A.

It seems that VIRGINIA KOCHEK had some trouble in her Chemistry class one morning. First, she had to tell MR. WIATROWSKI that she had lost her locker key. Then she broke a test

tube in her drawer. Third, the key the teacher had given her got stuck in the drawer and while she was hurrying up to tell him, who did she bump into? You guessed it, none other than Mr. Wiatrowski! Her new title: MISS COORDINATION.

O. T. A.

If you want to get a wild reaction out of senior Carol Smith just ask her how "Maxie" is.

O. T. A.

Do you believe it? Our editor, NEIL COSSMAN, tried to go all of last week without mentioning the HI-TIMES! It seems he had a bet and was determined to keep it. Needless to say, he lost.

(This might leave some readers with the idea that the editor is a gambler. At stake in the bet, however, was an issue of THE HI-TIMES and that's not like Las Vegas or the horses.—ED.)

O. T. A.

Say, if you want to know anything, just anything at all, about water, by all means go to NICKY BRADLEY. He is an expert, as his English class discovered when book reports were being given.

O. T. A.

Mr. Gearhart's class had fun last week all because of a sign on Gene Arick's back. We're not sure EXACTLY what it said, but anyway it caused Gene a lot of embarrassment when Mr. Gearhart remarked, "Gosh, Gene, even your best friends won't tell you."

## The Students Speak . . .

by Anne Messerly and  
Jill Swanson

Instead of the usual question, we thought it might be interesting to summarize most of the questions and opinions from this past semester. Running in chronological order, these summaries are the general opinion of the students interviewed each week.

What do you think of the new honor system which requires that a student get 14 or 18 points in stead of 12 or 16 points for four and five solids, respectively, to make the honor roll?

The general opinion was that the new system is better because it will bring a higher degree of respect to the honor students at Riley. Also, it was unfair when our system was different from the other schools in South Bend.

What do you think of our new class schedule for home room?

Three out of eight interviewed like the new schedule, mainly because it seemed that the morning was shorter. The others didn't like it because they had to be at school ten minutes earlier, and they couldn't see their friends before home room. Perhaps now that they have gotten used to it, some have changed their minds.

What is the main purpose of home room?

Some said it was a time to study and catch up "loose ends." Most people thought it was a time to relax, talk, and get to know the kids in your home room. It was the general opinion that it was up to the student to use home room in the way most beneficial to him.

Do you think the Washington-Riley Roundups were worthwhile?

It was the unanimous opinion that they were, and should definitely be continued if at all possible. The roundups help promote better intra-school relations and boost school spirit. Everyone liked the crowning of the queens, the floats, and the speeches.

What qualities do you look for

both boys and girls interviewed were: consideration of others, a good sense of humor, good grooming, personality. The majority thought that good looks were fine, IF they come in addition to the other qualities.

Do you think our pep assemblies serve their purpose?

All of the students questioned answered "yes," and thought that in general, spirit at the assemblies was better. The skits livened them up and were well-liked. However, there is room for improvement, and we should really get behind our team and yell with our cheerleaders.

Do you think cramming for finals helps?

"Cramming" does help if it

serves the purpose of a general review, it was felt by most. If one has kept up in his class work, it is beneficial to go over it the night before to refresh your memory, but trying to learn a whole semester's work in one night does not work!

Do you think the Riley Student Council should have more power? Why and how?

Most of the students interviewed felt that student council definitely should have more power. However, most blamed the student body for the lack of power and support. It was suggested that a definite time for meetings be set up for a starter.

## ODDS AND ENDS

by Sue Vickery

Now that the finals frenzy is over, and report cards have been issued, it's time to get off to a fresh start. If the marks on your card were a little disappointing, here are some frantic ways to improve them.

1. See Where You Stand First. For one solid week, try doing what you're supposed to do. Like study in study hall, keep up required reading, do all your homework, and listen. You might find that the top of the class is your natural habitat.

2. Use Psychology. Do the toughest things first—save your favorites for last. Then, chances are you'll actually do them all. Make deadlines for yourself. Then reward yourself if you keep them and punish yourself if you don't.

For instance, trig homework

Father." If it's not done, no bachelor for you.

If you're falling below par, try a few flashy extras like a special book report, pertinent outside reading subtly mentioned in class, etc. It'll prove your interest to the teacher. Well, you want to pass, don't you?

3. Humanize School. Impossible? I don't think so. Treat your teachers like human beings and don't be afraid to let them in on the fact that you're human too.

4. Wild Ways. Sit in the front of the room and nod in wild agreement whenever the teacher emphasizes a point (you might even mutter "ain't it the truth" if it's not an English class). Roar when your teacher tells a joke (you'll know how he told one when he looks up expectantly).

Well, here are a few cool ways

## Art students create storks and auks with wire, papier-mache

by Willie May Burks

Have you ever seen a stork with blond hair, wearing a ruffled blouse, and a bright red coat? Or have you seen an auk, which is a bird that resembles a penguin, wearing a brightly colored scarf or waving a flag? If you had been in Miss Mary Jane Day's third hour commercial art class last semester you would have seen them.

The eighteen members of this class have been working with papier-mache and each student was to make either a stork or an auk. The structure of the birds were made of wire and the frame was stuffed with newspaper to give them fullness.

Then the stuffed frames were covered with layers of strips of newspaper and paste. After the figures had hardened they were painted and dressed in brightly colored materials.

Most of these commercial art students have taken art for two or three years. Some of the members of this class are, Donna Whittinger, Janet Sailor, Susan Kimmer, Richard Wadsworth, Karen Thilman, Patricia Arthur, Gretchen Dose, Dennis Darrow, Karen King, Millie Delich, Willie May Burks, Linda Smith, Don Nelson, Trina Munson, and Lynne Witt.

These birds were used at a banquet for the American Association of University Women at the Pick-Oliver Hotel. After the banquet the birds were returned to the students.

## Ushers serve school during games, proms and plays; sell hats

By SANDY TANSEY

Mr. Robert Miller's Ushers club, which meets during the regular club sessions, is now as one of Riley's service clubs. The boys usher at football and basketball games, swimming meets, school plays, the Junior Prom and other school activities.

Besides ushering at school social activities the boys have been quite busy this year selling Riley derbys and drawing up a new constitution for their club.

This is the first year the boys have attempted making money through such a project as selling derby hats. The boys report that this project was very profitable.

The ushers club is open to all boys seven to twelfth grade. This year the club has about thirty members.

The officers are: Rick Kachel, president; Adrian Clark, vice-president; Dale Applegate, secretary, and Jim Harvey, treasurer.

## Gutter Four holds lead in bowling league; Keglers Remenih, Biddle, Foor roll '200'

By BOB BARGMEYER

The Gutter Four, despite two straight 2 to 2 tie matches, held on to first place by the margin of one point as the R.H.S. Bowling League moves into its last five weeks of league play.

After tying the beatniks two weeks ago, the Gutter Four was tied for first place with the Holy Rollers, who had won four points on a forfeit from the Brunswick Busters.

But last week, as the Gutter team tied the Argo's, the Rollers dropped a 3 to 1 decision to the Sparikes.

Thus the Holy Rollers winning streak was ended at nine consecutive weeks and 32 out of 36 points after losing their first 16. Larry Peterson and Bob Bargmeyer of the Rollers led all bowlers two weeks ago.

Peterson rolled games of 183, 189, and 160 for the best series of the day, 532. The 189 game was third best. Bargmeyer had the highest game, 199, and his other games of 141 and 181 gave him second high series, 521.

In other matches two weeks ago, the Argo's moved up into third place with a 4 to 0 forfeit over the Erratics, the Pocketballs beat the Sparikes 3 to 1, and the Big Boppers beat the Rerackers, also 3 to 1.

Last week, the Beatniks got

shoved way down as they lost four to the Rerackers, the Big Boppers shut out the Pocketballs 4 to 0, and the Brunswick Busters mathematically eliminated the Erratics from the race with a 4 to 0 victory.

Tony Petrowsky claimed the best series of the week as he put games of 185, 151, and 192 together for a 528 series. He was followed by Dick Remenih with 202, 151, 160—513, and by Joe Benko with 132, 188, 181—511. Remenih and Dave Biddle tied for high game with 202, and Bob Foor was close behind with a 201.

### The standings

1. Gutter Four	34	22
2. Holy Rollers	33	23
3. Argo's	32	24
4. Rerackers	31	25
5. Beatniks	30	26
Big Boppers	30	26
7. Pocketballs	28	28
8. Sparikes	27	29
9. Brunswick Busters	20½	34½
10. Erratics	13½	41½

## Q.E.D.

By CARL MORRIS

The first problem, last week, asked for the number of members of a family in which one of the boys has twice as many sisters as he has brothers and one of the girls has three times as many brothers as she has sisters.

The only number that would satisfy these conditions is 15. There are nine boys, four girls, and two parents. Rick Beringer and Ray Weigand both found this number.

Dave Means, Tom Frank, and Richard Geier found the answer to the second problem mostly by trial and error. The correct solution is one pound, three pounds, and nine pounds.

A merchant has two large barrels. The smaller barrel holds 336 liters but is only five-sixths full of wine. He empties this wine into the other barrel and finds that the wine fills only four-ninths of it. How much wine would the larger barrel hold when full?

In a mile race Tom beats Dick by twenty yards, and he beats Harry by forty yards. By how much could Dick beat Harry in a mile race?

When you think you have an answer to one of the above problems, write your answer and the method by which you acquired it, along with your name and home room. Bring your entry to Room 302 by 3:30 today. Answers without solutions cannot be accepted.

# John Buchanan breaks United States record; Art Floran wins wrestling title

## CAT... TALES

By BOB LERMAN

Although the varsity basketball team has only a slightly above average record, Coach Don Barnbrook's B-team has had an outstanding 11-4 mark. The B-squad, which has taken its last six games and eight out of its last nine, has beaten every city school at least once.

Examining specific games, one may feel that many times the B-squad has eked out its game only to see our varsity team be edged out in another tight contest.

Whether or not this is the case is not important. The fact remains that Coach Barnbrook's squad, containing mostly sophomores, is to be congratulated for one of the finest B-team seasons in many years.

The B-team, of course, is a means to an end. This end is to develop a fine representative varsity team. However, if this year's record is any indication of what is to come in the future, Riley fans can be awfully pleased.

Pacing the Bees has been its leading scorer and playmaker Don Smith. Jim Singleton and John Byers are other fine prospects.

## Bees top Adams in sudden death battle; winning streak to 6

By JIM JEWELL

Coach Don Barnbrook's B-squad team fought to a win in a double overtime game to gain a six-game winning streak and a season record of eleven wins and four defeats.

On January 29, the Bees played their first game with the Adams Eagles. The low scoring first quarter ended in Riley's favor, 3-2.

Riley led the rest of the way until the last minute of play when Adams jumped ahead by a basket. The 'Cats tied it up with two seconds left when Adams was called for goal tending on Don Smith's desperation shot.

The Eagles scored first in the overtime, but the Wildcats again tied it. Center Jim Singleton then scored the winning basket in the sudden-death overtime to make the score 30-28.

Washington fell to the 'Cats for the second time on January 23. After the score was tied at the half at 23-23, Washington jumped out to a 29-27 lead.

Riley caught up to lead at the end of three quarters and was never behind again. The final score was 50-46. Singleton was high man with fourteen points.

## Buchanan is second in record event as Muncie tops Tankers

By BOB BERNHARDT

John Buchanan, a member of the 1959 All-American swimming team, was virtually assured of a position on the 1960 team as he broke the National Interscholastic record in the butterfly.

The action came in a meet with Muncie Burris, which the Catfish lost 52-43. A week ago last Monday they fell to Adams, 55-31.

John Buchanan

Larry Schulhof, an All-American butterflyer from Muncie, and Buchanan were swimming in the same event. Schulhof, the 1958 and 1959 state butterfly champion, won the event in 56.3 seconds.

Buchanan, who was the 1957 state champ, finished second in 56.7 seconds. Both times broke the national record. David Buchanan was the only double winner in the meet. He won the 40-yard freestyle (19.1) and the 200-yard freestyle (2:09.5).

Adams defeated Riley for only the second time in eight years as they won 55-31. The Eagles won both relays to cinch the meet. Riley winners included John Buchanan, Jim Burke, and David Buchanan in two events.

The Catfish now have a 7-5 record.

## Kittens swamp Madison by 65-37 score; edge Jefferson after a loss to Muessel

The junior high basketball team boosted their record to 10 wins and 6 defeats with two wins out of their last three games.

Coach Doug Simpson's Kittens swamped Madison at Madison, 65-37. Riley led all the way as Jerry Nieman led the attack with 14 points. Jack Heierman hit 13, Eagle Stockton 12, and Dick Singleton hit 9.

Muessel, one of the top city teams, trounced Riley, 57-25 in a game played at Riley. Heierman was high man with 12 points.

## Central and Adams squeak by Wildcats; slam Garfield 67-59

By BOB BERNHARDT

Riley's rallying Wildcats saw two rallies go to no avail and had a third come through as they dropped two games to city-rivals Central and Adams, but came through with a win over tough Terre Haute Garfield.

**Bow to Bears**

A ten point spurt in fifty-two seconds fell short as the Central Bears eked out a 72-68 win. The game was played two weeks ago.

Two baskets by Rod Sipe, and one each by Bill Nelson and Bob Davidson and two free throws by Sipe left the 'Cats down by four with only 20 seconds left.

The Bears kept possession of the ball to win the game. Sipe was high for the 'Cats with 27 points. Joe Northern hit 14, Davidson 12, and Bob Rickel hit for 10.

Terre Haute Garfield wiped out two ten point Riley leads, but finally fell, 67-59, as the 'Cats used a fourth quarter rally to assure victory.

Led by Bob Davidson's 26 points, Riley trailed only twice in the game, once at the end of the first quarter and again midway in the third quarter.

**Adams toughest?**

Adam's Eagles, supposedly the best team in town, scored a field goal on an intercepted pass with fifty-five seconds left to pull out a 62-60 win.

The 'Cats led 60-59 and had the ball with one minute to play, before the Adam's basket put the Eagles ahead to stay. Davidson and Nelson each had fourteen to lead the 'Cats.

Riley is now 9-7 for the season and 1-5 in the conference.

## Frosh take St. Joe and stop Mishawaka

The Freshman basketball team boosted its season record to eleven wins and four defeats this past week with two victories. Coach Harry Lewadowski's team stopped St. Joe, 46-34, and Mishawaka, 46-38.

Bill Adams dumped in 13 points and Ted Northern 10 as the 'Cats topped St. Joe. The Frosh broke a 14-14 halftime score by taking a 30-21 lead at the end of three quarters. They won going away in the final period.

Adams, Northern, and Phil Barnard accounted for 37 of the 'Cats 46 points in a 46-38 loop win over the Maroons. The Frosh led all the way with a halftime lead of 24-17 and a three quarter lead of 35-23.

## Varsity travels to Elkhart for loop game; battle tough Ft. Wayne Catholic tomorrow

By LOUIS SWEDARSKY

The varsity basketball team, coached by Lennie Rzeszewski, will be out to clinch Riley's first winning season in eight years this

weekend as they play two away games. Tonight the 'Cats go to Elkhart for a conference game and tomorrow they journey to Fort Wayne to meet one of the better teams in the state, Central Catholic. **Blazers are 7-9**

Tonight the Wildcats encounter Max Bell's always ready Blue Blazers. The Blazers aren't as tough this year as in recent years but playing on their home floor ought to even things up. Elkhart won their last outing, a 60-57 overtime win over Goshen. They now boast a seven won and nine lost record.

**Pelkington leads Irish**

Tomorrow the 'Cats will take on the Irish of Fort Wayne Central Catholic. The Irish are rolling along with a 13-3 record. Their three defeats, one of which was to Mishawaka at the Mishawaka gym, have been by a total of eight points.

Fort Wayne will have an all-senior lineup that averages 6-2½. The Irish are led by 6-5 center Bob Pelkington, who has an average of twenty-three points a game. Jerry Bail, 6-4, Ray Mueller, 6-3, Bill Miller, 6-1, and John Cook, 5-11, round out the starting five.

The Wildcats need only two wins out of their last four games to give Riley eleven wins and an assurance of a winning season.

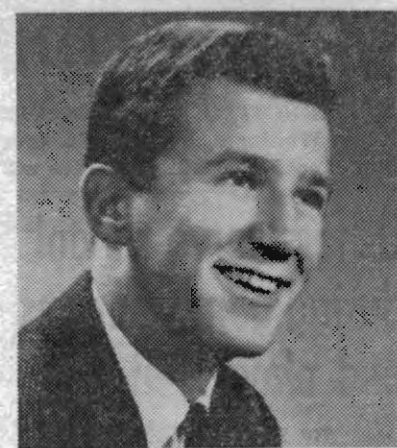

All Lennie Rzeszewski's 'Cats have to do is to play like they did against Adams and they are going to come home Saturday night with two more wins than they have today.

## Wrestlers tumble to Eagles, 25-21, then place seventh in loop

By RICK PELI

The Wildcats wrestlers, coached by Joe Wojty, captured a seventh place in the conference meet on January 30, after losing to Adams on January 27 by a 25-21 score.

In the Adams match, played at Adams, the 'Cats had a 21-14 lead, but lost the last three events to

Arthur Floran

make the final score 25-21. Arthur Floran, Jim Sherwood, and Greg Gluchowski registered pins for Riley.

Saturday, January 30, Riley fought to a seventh place in the N.I.H.S.C. The Catmen made 40 points and put 4 of 12 possible men in the semi-final round.

Arthur Floran remained undefeated this season as he captured his second straight conference championship. In his final match, he decisioned his opponent by a score of 7-4. Arden Floran, also a defending champ, took a second place.

Bob Galloway, in the 133-pound class, captured a third place in the conference, as did Charlie Douglas in the 154-pound class.
